Von Daniel De Lorne : Beckoning Blood (Bonds of Blood) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beckoning Blood (Bonds of Blood):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Dark, Twisted and bloody perfect.Von CoffeeAndBooksOh, my.Dark, Twisted and bloody perfect.This is a true gem for any paranormal book fan and I certainly did not expect such a wonderfully dark, twisted and bloody (yes, it does get pretty detailed, like the cover suggests) story to be published by Harlequin (okay, it's by Escape Publishing, but they are

under Harlequin). I thought that this would be a fluffy vampire romance - but no. It is so much more. "Beckoning Blood" is the tale of two brothers, twins, who are as different as ying and yang. Thierry is, despite their brutal upbringing, still caring and compassionate but his twin Olivier is borderline insane and unhealthily obsessed with Thierry. The brothers share a special bond as twins and are never really "apart", therefore Olivier tries to keep his brother for himself and his jealousy ends with a disaster. Some reviewers compared this to Anne Rice's vampire stories but no, sorry. I think "Beckoning Blood" plays in another league, the writing is so much better and engaging than Mrs. Rice's (sorry, but true... never understood the hype). I won't spoiler you (READ IT!!!) except, that I felt that the ending (not a cliffhanger but still not final) was a bit rushed. It is a compelling story, not for the faint of heart, but something unique among the "usual" vampire stories. The fact, that this is a m/m story made this book even better for me ;)

Kurzbeschreibung A gripping, blood-drenched saga about twin brothers, the men they love, and the enduring truth that true love never dies -- no matter how many times you kill it. Thierry d'Arjou has but one escape from the daily misery of his work at a medieval abattoir -- Etienne de Balthas. But keeping their love a secret triggers a bloody chain of events that condemns Thierry to a monstrous immortality. Thierry quickly learns that to survive his timeless exile, he must hide his sensitive heart from the man who both eases and ensures his loneliness...his twin brother. Shaped by the fists of a brutal father, Olivier d'Arjou cares for only two things: his own pleasure and his twin. But their sadistic path through centuries is littered with old rivals and new foes, and Olivier must fight for what is rightfully his-- Thierry, made immortal just for him.

ber den Autor und weitere Mitwirkende Daniel de Lorne grew up in Perth, Western Australia, penning stories in biology class and imagining the lives of fantastical creatures. After university he used his skills for good, writing about wildlife conservation for eight years before taking a break to explore another part of the world with his partner. Daniel writes mostly about the loves and tribulations of hot and sexy paranormal men.
