Von Christopher Brookmyre : Bedlam (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bedlam (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Would mostly appeal to passionate GamersVon Avid ReaderAlthough I like Brookmyre's style, and buy all his books, I was not as happy with this one as some of his others. The book is basically a homage to computer games, from their beginning to the future, and as someone whose favourite game is Jewel Quest III, I suspect that much of the subtext

and possible in-jokes eluded me. So I would recommend it mostly to people who have had a life-long affair with gaming, as the author evidently did. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Grab this! Von Leo Kueppers Chris B rules-no matter if Crime or funny Novel-get this!!! Or give to good friends...if they not like this rethink if they are yours truly...

Kurzbeschreibung HEAVEN IS A PRISON. HELL IS A PLAYGROUND. Ross Baker is an overworked scientist developing medical technology for corporate giant Neurosphere, but he'd rather be playing computer games than dealing with his nightmare boss or slacker co-workers. He volunteers as a test candidate for the new tech - anything to get out of the office for a few hours. But when he emerges from the scanner he discovers he's not only escaped the office, but possibly escaped real life for good. He's trapped in Starfire - a video game he played as a child - with no explanation, no backup and, most terrifyingly, no way out. **Pressestimmen** Warm, funny, excellently violent and highly recommended. Game on (SCIFI NOW) Brain-tickling . . . It is a genuinely engrossing, amusing and intelligent novel. (GUARDIAN) Riddled with sci-fi in-jokes, humorous bathos and top-notch creative profanity . . . **BEDLAM** - both a jovial satire and a geeky celebration of gamer culture - is enthralling fun (FINANCIAL TIMES) Back to his visceral, vicious, jaw-dropping, jobby-on-the-mantlepiece best (SCOTTISH DAILY EXPRESS) Full of explosive action - but there are hilarious jokes and proper thoughtful sci-fi too. A gem (THE SUN) A fascinating, fast-paced but thoughtful blend of science fiction and techno-thriller (Iain M. Banks) Funny jokes, characters you can empathise with and devastatingly employed swearwords (Ed Byrne) Brookmyre hits another high score with this brilliant, fast-paced nightmare (Charles Stross) **Werbetext** Christopher Brookmyre over-clocked and hardware-accelerated, this is The Hitchhiker's Guide to the Galaxy for a new generation.
