Nach den anderen Teilen eher ernchternd.Von JulieDa ich auf der Suche nach kostenfreien englischen Bchern war, habe ich dieses eBook gefunden und habe alle Teile verschlungen. "If I Break" ist fr mich von der Geschichte her nicht ganz realistisch, aber es reit einen einfach mit und man muss weiterlesen und herausfinden wie es weitergeht. Dieser Teil ist aber nicht so gut, wie die anderen und hat mich etwas enttuscht.0 von 0 Kunden fanden die folgende Rezension

hilfreich. Chris POV Von Chloe Sehr cool als kleines Schmankerl bevor das 2te Buch raus kommt. Ein Blick in Chris Geschichte und endlich etwas Aufklärung für die Leser von "if i Break". Ich fand es super.

Kurzbeschreibung  
Authors Note: Though this could be read as a stand alone, I highly recommend reading the first book in this series titled 'If I Break' first. Out of the past six years of my life, I only remember about half of it. After a dozen doctors and thousands in medical bills, I was diagnosed with a rare neurological disorder--one that causes me to lose track of time. Sometimes its hours, days or even weeks with no recollection of anything. The good thing is it's been almost two years since I had my last black out. It sounds much better than what the doctors refer to them as, 'episodes', like my life is a freakin' comedy. During those two years of normal, I finally managed to get my Bachelors degree, a job I love, and Ive just proposed to a woman who has been there for me through it all. For the first time in a long time everything is on track. Until a strange woman shows up at my door she says I'm her husband and I think shes crazy. Until, I get a voice mail on my phone. Its from a guy name Cal. The weird part is, its the same name the strange woman called me. What terrifies me, is this guy Cal his voice sounds just like mine.
