Von Rachel Lee : Before I Sleep (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Before I Sleep (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
Excellent romantic intrigue Von Ein Kunde Florida Governor Howell signs the death warrant that legally allows the

state to execute John William Otis in three weeks for the vicious killings of his stepparents. When she hears the news, radio talk show host Carey Justice, a member of the prosecution team during the Otis trial five years ago, feels justice was never served. She knows Otis was convicted because no one substantiated his alibi and the murders duplicated the killing of his biological father that John committed as a child. Unable to live with herself, Carey turns to her former lover, St. Petersburg police detective, Seamus Rourke to help her find out the truth. Since the Otis case, which ended their relationship, Seamus has lived his life through his work and listening to Carey on the radio every night. He needs her assistance on a legal matter and reluctantly agrees to do some tentative inquiries. However, as the duo renews their love for each other, the clock ticks away for John William Otis. Best selling author Rachel Lee is renowned for her wonderful Conard County romances and her take no prisoners intrigue tales. Her latest release, *BEFORE I SLEEP*, may be Ms. Lee's best novel to date. The time line plot moves extremely fast as the lead protagonists struggle with each other and the mounting evidence that the death row convict is innocent. Emotions from the lead players are extremely raw, especially when countered against the calm acceptance of Mr. Otis. Underlying the moving tale is Ms. Lee's condemnation of the futility behind the death penalty, which exposes its inherent weakness of being a final solution. Fans of romantic intrigue will be **CAUGHT** by this novel that provides immense pleasure. Harriet Klausner

Now she is the hottest radio talk show hostess. Carey has just found out that one of the men she had helped convict for murder is innocent, and there are three weeks until he is electrocuted. Using the power of the media, she broadcasts a series of shows on the case, and she enlists the help of her former lover, Seamus Rourke. A well written piece of mainstream romantic suspense, *Before I Sleep* is tight and dramatic. *Before I Sleep* is a melodrama filled with the sense of impending doom. 0 von 0 Kunden fanden die folgende Rezension hilfreich. This book does not measure up to Conard County book series Von mindywatts@aol.com or Patricia Watts I felt this book was preaching against the death penalty. I don't mind an author having an opinion but I don't like to be preached at during the whole book which I felt she did. I did not like this book at all. I usually buy books by the authors that I like. Rachel Lee was one of these but I will hesitate to purchase her next book. I also did not like the use of foul language in this book. I thought it was unnecessary. In the past her books have made me cry, laugh and just feel good. I had to force myself to finish this book.

Kurzbeschreibung Carey Justice is doing her call-in radio show when she learns that the governor has signed a death warrant for John Otis, a man she helped convict as an assistant prosecutor five years earlier. Convinced of his innocence, she attempts to save him before it's too late. Her ex-lover, the cop who arrested Otis, is the only man who can help her clear him. Kurzbeschreibung Carey Justice is doing her call-in radio show when she learns that the governor has signed a death warrant for John Otis, a man she helped convict as an assistant prosecutor five years earlier. Convinced of his innocence, she attempts to save him before it's too late. Her ex-lover, the cop who arrested Otis, is the only man who can help her clear him. Synopsis Five years after helping convict an innocent man, former prosecutor Carey Justice joins forces with her former lover, Seamus Rourke, the detective on the case, to try to save the condemned man from the electric chair.
