servicio Von LuEstoy muy contento con la compra y con el servicio prestado por el vendedor y el mensajero. Todo en orden. Gracias

6 von 7 Kunden fanden die folgende Rezension hilfreich. excellent introduction to theory Von Ein Kunde Barry gives a concise overview of contemporary literary and cultural theory, taking a look at structuralism, postmodernism, postcolonial theory, etc. Eminently readable, the volume explains these theories without oversimplifying them. Those mystified by the jargon of contemporary theory will find here a useful guide.

Man kann schnell mal anschlagen, wenn man etwas vergessen hat. Hat mir fr meine Klausur fr "Introduction to cultural studies" super geholfen. Fr tiefer gehende Kurse wahrscheinlich jedoch nicht so sehr geeignet.

Kurzbeschreibung Beginning theory has been helping students navigate through the thickets of literary and cultural theory for well over a decade now. This new and expanded third edition continues to offer students and readers the best one-volume introduction to the field. The bewildering variety of approaches, theorists and technical language is lucidly and expertly unravelled. Unlike many books which assume certain positions about the critics and the theories they represent, Peter Barry allows readers to develop their own ideas once first principles and concepts have been grasped. The book has been updated and includes two new chapters, one of which (Literary theory - a history in ten events) innovatively surveys the course of theory, while the other (Theory after 'Theory') maps the arrival of new 'isms' since the second edition appeared in 2002. Liberal humanism - Structuralism - Post-structuralism and deconstruction - Postmodernism - Psychoanalytic criticism - Feminist criticism - Lesbian/gay criticism - Marxist criticism - New historicism and cultural materialism - Postcolonial criticism - Stylistics - Narratology - Ecocriticism - Presentism/Transversal poetics/ New aestheticism/Historical formalism/Cognitive poetics.

Pressestimmen It is no surprise to learn that Beginning theory has already been reprinted nine times. There is no other book that offers such a comprehensive account of the field, combined with thoughtful, detailed exposition of the theoretical approaches under discussion. Far from being a modest survey of contemporary literary theory, it has had a vital role in shaping the way that theory is taught in Britain and North America. --English Association Newsletter "It is no surprise to learn that Beginning theory has already been reprinted nine times. Barry's book remains important, especially as a work of mediation between those who would innately be inclined to 'take' or 'leave' theory." -- Martin Blocksidge, The Use of English: The English Association Journal for Teacher of English, 01/03/2012 "Always reassuringly urbane, and often witty...
