sorry I did not have to pay for itVon -KundeDuring this highly entertaining read I went from laughing my head off to wetting my slip in split seconds. This is probably the best erotic novel I have read so far. Interesting twist in the stories, characters to love and to hate and all a little twisted. You will need your brain and probably shed a tear or two...but you will love it. I gave 4 stars because the author lost me in the last chapter because of too much introspection.0 von 0 Kunden fanden die folgende Rezension hilfreich.
