Von Jane Feather : Beloved Enemy before purchasing it in order to gage whether or not it would be worth my time, and all praised Beloved Enemy:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Oh boy, where to start...Von Ein KundeThere were many parts of this story I loved, and many others I disliked emencely. The

two cancel each other out, which is why I rated this with a three star. First and foremost, I loved the time period in which this story was written. So few writers choose to write about Parliamentary England. Ms. Feather does a wonderful job in depicting the time period, the thoughts of the antagonists, the clothing, and everyday life. The story was filled with rich details and smooth writing. Life was so much different then, as compared to today and this is wonderfully shown in the story. Our characters are well formed and very likable. Virginia and Alex mix well together. I did not like, however, the 'I-hate-you-because-you-are-the-enemy,-but-can't-help-but-loving-you' storyline. I realize that is the title of the book and the whole premise of the relationship, but I didn't like it. The pretext Virginia keeps putting up, just didn't seem believable. If she hated Alex so much she could never have done what she did, if she loved him, she could never have done what she did. I felt that you couldn't have it both ways, or at least not the way THIS story was written. I also didn't appreciate what happens with Virginia's personal life. I don't want to give too much of the story away, but I felt that the second half of this story went WAY beyond credibility. After Virginia leaves England, there is not too much of the story I found redeeming. It was an enjoyable read because the writing style was so fluid, but I had a pretty hard time getting into the plot. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The first time I could not finish reading a book... Von Ein Kunde I will never know if the historical background might have been good or if the story-line was adequate because the attitude of the characters became unbearable after approximately 100 pages. The heroine is a beautiful, independent, brave lady loyalist with strong convictions. The hero is a perfect, arrogant, overbearing, overly self-controlled officer in Cromwell's army. Their political views and profound dedications to their opposite convictions are explained in lengthy details. However, after only a few hours of meeting, they jump each other's bones so fast that I could not tell if she lifted her skirts first or if he was first to drop his uniform. Anyway, their sudden lust and passion is completely out of the depicted characters. I just can't believe a proper young lady could forget her breeding that fast and an officer who falls for an enemy, possibly a spy, without regard for his mission... No way! Even in romances there are some limits. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful story, beautifully written. Sorry to see it end! Von Ein Kunde This book was so very good that I hated to see it end. The characters are vividly drawn, beautifully written and unforgettable. Beloved Enemy is so much better than any book I have read by this author. Ms. Feather was truly inspired when she wrote this. Alex will live on in my daydreams.

Kurzbeschreibung From New York Times bestselling author Jane Feather, a moving, unforgettable romance of defiance and desire. . . England's disastrous Civil War has robbed Lady Virginia Courtney of everything she holds dear--everything but her home, perched on the cliffs of the Isle of Wight. Left alone to defend it, she is powerless when the enemy forces arrive--but even more defenseless when she meets their leader, a fiercely commanding man whose eyes seem to see through to her very soul. Colonel Alexander Marshall is no less affected by his prisoner of war, the bewitching, capable woman who has seen so much loss in her young life. Though he would be justified to send her to the mainland--and to her certain death as a traitor--his hand is stayed by compassion. . . and undeniable desire. But even the most passionate love affair may not be enough to hold two sworn enemies together in the midst of war. . .
