Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. 4.5 Stars for this great and HOT read Von LivI really loved it though there were a few things that bothered me (from the story, not from the writing) but thats just a matter of opinion and thats my review so yeah. The Story: Agnes Bright lost her Baby as a result of a disease. Her marriage is shattered and so is Agnes. Feeling empty for too long she seeks pain to stop the numbness in her life. Stumbling across two handsome men (Marcus and David), she soon finds herself in a

new world Agnes is eager to explore. Especially David Lake pulls all the right strings on her and Agnes gets to experience things she never did before. My thoughts: This was a hot read! Oh my. I really liked those two men fighting for one woman. Which woman doesn't want that? And the sex scenes were scorching hot. I normally don't like different POVs but in this case I really enjoyed it because it gave so much more perspective. I wasn't fond of Agnes character but I liked David's. Though he was so twisted. He kind of fell for her and then he was such a Dom. (This really creeps me out actually.) All in all this was a quick and great read and I am looking forward to reading the next book because I really need to know how the story will end. - I received an ARC of this book from the author Sophia Scarlet through the Fifty Shades Support Group on Goodreads in exchange for a honest review. -
