Humanity Stripped Down Von Toni H There are so many things I like about this series. The reader never knows what to expect. The storylines follow no patterns, and the books thus far are very different. Even though it's fiction, it's real. The decay and stench of life at it lowest are in vivid technicolor and jumping off the page at the reader's senses. At the same time, sparks of humanity that can't be snuffed out always shine through. In the first book, E was not the hero, and he still isn't. He's the antihero. He's been through hell (the reader learns of this in flashbacks) and came out the other side. Life has no meaning for him anymore. Full of hate, he's only a shell surviving out of habit. We don't really know anything about Autumn going into *Beneath Blood and Bone*. She pretty much appears to be cuckoo for cocoa puffs. Full of fear, she's regressed to a snarling animal surviving on instinct. Most of the plot in this book takes place in the camp called Purgatory (so many things can be read into that name). It's a place without joy. Day to day survival is how it breaks down. The bold lord over the meek. Liv is the queen [...]. She wants to control everything with E being at the top of the list. It doesn't go over well when he takes an interest in Autumn. I didn't hate E in the first book. He wasn't a good guy at all, but I still couldn't raise up feelings to hate level for him. Although E compares his likeness to Liv's more than once in this book, I was prepared to slit her throat myself. Overall, it's a story about the human condition. When is enough, enough? What is the point of living? How far gone can someone come back from? I loved it, muy mucho, and I'm looking forward to more from these authors. P.S. E did win me over. I don't excuse him for the bad things, but I still can't help loving him either. And that's the way love goes.

Kurzbeschreibung It is the end of the world. They call him Eagle, like the grand and beautiful bird that symbolizes freedom. During these dark times, when humanity is experiencing nothing but suffering, a man with such a powerful name should be a beacon of hope, yet he is anything but. Her name is Autumn, but she hasn't said this name or much of anything else in the four years since the fall of civilization. A shell of her former self, living wild in a cave at the bottom of a ravine, Autumn is accustomed to being alone. She prefers it, actually, especially when her only options for company either try to kill her, or worse, to lock her up inside their walls. Captured by Eagles people, Autumn is suddenly thrust back into the land of the living, but she would hardly call it living. The community of Purgatory is full of sinners, the most evil of whom seem to have set their sights on her. In an act born of anger and defiance, Eagle becomes Autumn's unexpected savior, forcing these two solitary people into each other's broken worlds. Neither knows quite what to make of the other, but one thing is certain. To survive Purgatory, they must learn how to rely on each other, a feat that could possibly teach them both how to live again.
