Science Fiction-Fantasy Von Merle Interessante und gut geschriebene Geschichte, eine Mischung aus Fantasy und Science-Fiction, gewürzt mit einer komplizierten Love Story. Vor langer Zeit strzte ein Raumschiff ber dem fremden Planeten mit den dreizehn Monden ab. Feste Landmassen existieren hier nicht, dafr hat es riesige Bume, die sich aus dem gefhrlichen Sumpfwasser erheben und das berleben der Gestrandeten ermnglicht. Es hat sich eine hierarchisch gegliederte Gesellschaft gebildet, die verachteten und unwissenden Wilden in den Smpfen und die Stdter, die trotz allem verlorenen Wissen einen luxurisen Standard erhalten konnten. Aus den Nachfahren des damaligen Raumschiffkommandanten hat sich die Knigsfamilie herausgebildet. Das Geheimnis dieses Planeten ist die giftige Zabbawurzel, unter deren Genuss immune Menschen zu unglaublichen Fhigkeiten gelangen. Allerdings ist es unter Todesstrafe nur denen mit kniglichem Blut erlaubt, davon zu nehmen. Die junge Mahri Zin ist eine dieser Wilden, die unter Zabba zu grossen Krften gelangt. Nachdem bei einer Fieberepidemie ihr Lebensgefhrte und ihr Sohn gestorben sind und kein Heiler bereit war, diesen Wilden zu helfen, entfhrt sie bei der nchsten Epidemie kurzerhand einen Heiler und bringt ihn unter Lebensgefahr in ihr Dorf. Doch dieser Heiler entpuppt sich als kniglicher Prinz, was die Sache kompliziert macht, vor allem, da Intrigen um die Thronfolge im Gang sind. Dieser Planet entpuppt sich als spannendes Konstrukt; Landschaften, Bume, Lebewesen, Drfer und Stdte sind spannend beschrieben. Nachvollziehbar ist der Verlust des Wissens nach eingetretener Katastrophe, allerdings- Spoiler-, dass der Prinz die Gesetze innert krzester Zeit so radikal ndern kann, ist zu krass. Das Ende ist etwas abrupt und htte mehr hergegeben, auch eine Fortsetzung. Ein Lesevergnngen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. W-O-W. Don't miss this one! Von Detra Fitch Picture a world entirely of swamp where people lived in homes carved into the trees. Mahri Zin was what the Royals called a water rat. She was a boat-smuggler whose only thought was to kidnap a Healer to cure her hidden village, even if it killed her. Mahri had a high tolerance for zabba, but even with all the power the root gave her she could not save her village without the knowledge Healers had. When she finally kidnapped a Healer, he turned out to be Prince Korl Com'nder! Even so, Mahri could not return the Prince of Sea Forest until her village was safe. Korl was the most arrogant, spoiled-rotten man with an extremely healthy ego. He fell for Mahri even when he had woken up to find that Mahri had taken control of his muscles with her root enhanced powers and was knocking out his guards with her bone staff. She WOULD be his! What he wanted, he got! He just had to make her understand it. Korl was a Healer first, a Prince second. But when they realized the only way to save the village was to have a Bond of Power, they still hesitated. A Bond was for life, unbreakable. Whenever one of them died, the other would too. They would be One, knowing each other inside and out. They would See into each other's very souls. They would share power...until death. Korl's time with Mahri and her village would change him. However, when he finally returned to the Palace Tree, his half-sister would do all she could to kill him and take the Crown. Only Mahri could save him. Together, Mahri and Korl would change the entire world as they knew it! ***** In a single word, "Wow!" I mean W-O-W-! I have never read such a wonderful tale as this. Kathryn Kennedy's computer must smolder from the power she creates in her stories! I simply cannot describe how awesome or how thrilling I found this novel to be. I am begging everyone out there who reads my words here...BUY THIS BOOK! If you love romance and fantasy (magic powers) you will NOT be disappointed. Enough said. *****

Kurzbeschreibung "A beautifully drawn story filled with lush scenery and an engaging plot. It's a story you'll enjoy reading again and again." - Romance s Today He's a ruler in a divided world... In the magical, watery world of the Sea Forest, the divide between the rulers and the people is an uncrossable chasm. Handsome, arrogant prince Korl Com'nder has lived a life of luxury that is nothing more than a fantasy to the people he rules. Until the day he is accidentally kidnapped by a beautiful outlaw smuggler and is forced to open his eyes to the world outside his palace walls. She's an outcast, but at least she has her independence... Mahri Zin would stop at nothing to save her village, and when they needed a healer she didn't think twice about kidnapping one. But when she realizes that the healer she so impulsively stole is none other than the crown prince of the Sea Forest, Mahri knows that this is her only chance to change the fate of her people... "A highly original fantasy tale... Kathryn Kennedy has done an excellent job with world building. I really loved this world." - Romance Junkies Pressestimmen " "Beneath the Thirteen Moons" is a highly original fantasy tale. Kathryn Kennedy has done an excellent job with world building. It's not so much that it overwhelms the story, but it's just enough to learn about the world she created as the story unfolds. Mahri and Korl are both strong people and remain true to their natures, even at the very end of the story. I loved the character of Jana and how he was more than just Mahri's pet. I really loved this world as well and how everything was built in trees. The planet is all water with forests.
