**Von T. Kierei : Beneath The Waves (Mers Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beneath The Waves (Mers Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. FantasticVon QuerleserOnce upon a time a young merman fell in love with a human ... You already heard this fairy tale? Me too. But it is really more than worth reading it. The relationship needs time and develops slowly as are the characters. Nothing worth having is easy and so the problems between humans and mermen in general add to individual problems and overenthusiastic scientists who prevent a HEA.Apart from a few unbelievable turnings (like

scientists who would pass the chance to experiment with a merman and prefer to kill him) the story is perfect. That the characters aren't black or white but all somewhere in between is a bonus and makes them even more authentic. The price is also good. ;-)

Kurzbeschreibung After being a researcher for over six years, Parker finds himself in a very awkward situation when he decides to visit one of his friends, a long-time fisherman named Kenton, and ends up in way over his head. He had intended for it to just be a short visit before heading home to start dinner but luck hadn't been on his side. He had stayed for just one minute too long after his friend had left and did the one thing he swore he'd never do, which was interfere with nature...and now he was heading home. With a merman.
