**Von Jon Swank : BERLIN Book 1: Hot and Cold (book 1 of 6) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised BERLIN Book 1: Hot and Cold (book 1 of 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Berlin 1980 - als noch keiner von einem Fall der Mauer auch nur trumen wollte...Von PeabodyJakob ist ein ehemaliger Navy S.E.A.L., der 1980 in Westberlin fr die CIA arbeitet. Brett ein Lieutenant der Air Force, den es ebenfalls nach Berlin verschlgt. Weil Brett neugierig auf das Nachtleben in eine Schwulenbar geht und ihm dort ein russischer Spion Avancen macht wird der CIA auf ihn aufmerksam und wirbt ihn an. Sie wollen mglichst viele Informationen aus dem Umfeld des Russen sammeln, den sie (zu Recht) verdchtigen, einen Anschlag in Berlin zu planen.Jetzt verbinden Jakob (alias Country alias Hans) und Brett nicht mehr nur ihr Geheimnis namens Homosexualitt, sondern auch noch eine kollegiale Beziehung. Die bald zu mehr wird...Und so stellt sich heraus, dass schwule Offiziere richtig gute Arbeit

leisten, auch wenn sie sofort entlassen wrden, wenn jemand je etwas von ihrer Beziehung wsste...Die Geschichte und die psychologische Entwicklung haben mir sehr gut gefallen. Wenn jetzt noch jemand die Istigen Typos (stndiges Verwecheln von knew und new unter anderem) editieren wrde wre die Sache richtig gut. Und brilliant wren die Bcher, wenn der Schreibstil nicht so arg simpel wre. Trotzdem auf jeden Fall lohnenswert, auch noch die weiteren Bcher zu lesen. brigens: Die Beschreibung von Ost- und Westberlin passen auch richtig gut zu meinen Erinnerungen von einer Klassenfahrt Anfang der 80er nach Berlin. Der Autor kennt die Stadt, von der er schreibt!

KurzbeschreibungThe year is 1980. Gay soldiers desiring to serve their country must do it with extreme caution. One step out of the closet and they risk a dishonorable discharge. Many forgo their social life to live their profession. First Lieutenant Brett Walker is but one example of such a person. Until one evening he spies a flier on the wall of the Berlin U-Bahn for a bar called Club David. For the first time in his twenty-six years, Brett chances a visit to a gay bar to see a drag queen show. His daring move sets in motion the events that will alter his life completely and forever. Not only are gay military men and women forced to live in secrecy, but all US Federal workers, including employees of the CIA, fall under the same directive against sexual perversion. Jakob Haas leaves the Navy SEALs for the CIA. He finds it too difficult to live a lie with his brothers in the Navy. He chooses a place where he believes it will be easier to hide his true self even though he understands being gay in the agency is prohibited. His plan works until given his assignment as Lieutenant Walkers trainer. In Berlin Book 1, The personal side of the story is not about the details of how the two interact behind closed doors, but is a story of why they interact the way they do. Brett and Jakob learn about their emotions and their bodies after years of denial and self control. When two such men fall in love, there is no holding back while making up for lost time. While Lt Brett Walker and Agent Jakob Haas serve their country to defend democracy against the Iron Curtain, they truly believe they are on their own to defend themselves against the iron door of the closet. If you enjoy reading stories about men falling in love written by men the likes of Josh Lanyon, JF Smith, Sam B. Morgan and Damon Suede, you might enjoy reading the Berlin Book series. Berlin Book 1: Hot and Cold Berlin Book 2: In and Out Berlin Book 3: Langsam und Schnell Berlin Book 4: Light and Dark Berlin Book 5: Loud and Clear Berlin Book 6: Over and Out NEVADA CAIN RANCH DELTA HOTEL (2017) Gay fiction. Gay romance. M/M fiction. Gay cowboy. Gay western. Gay spy. Gay espionage. Gay suspense. Gay military. KurzbeschreibungThe year is 1980.
