Von Jaci Byrne : Best Friends and Bastards (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Friends and Bastards (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. It started out OK...Von ClaudiH...but after finishing this book I really couldn't give it more than 2 stars. I did finish it although I was about to give up halfway through because it seemed to be dragging on unnecessarily.First I thought "oh no, not another book where the woman is a total doormat to her husband and mother", but after about 70 % of the ebook the character had totally turned around - just not in a good way. Behaving weirdly, irrational and unreasonable, it was hard to like her anymore. Still, I wanted to know how the book would end.Where the first thirds of the book dragged on, the ending seemed very hurried. Suddenly there's a time jump of one year, then everything is hunky dory.What annoyed me most about this book, though, are the endless spelling errors, sentences with either words missing or double words.

Throughout the whole book the plural s is spelt like a possessive s ('s), e.g. "the doctor's and nurses". I can't resist a little sarcasm - someone tells Angie, the writer, that no one can ever teach you to write, they can only correct your spelling. Really? So why didn't the author find someone to correct her spelling? 0 von 0 Kunden fanden die folgende Rezension hilfreich. gut geschrieben, interessant...eine Liebesgeschichte mit Hindernissen Von glauka Ich mag Australien...also schon der erste Pluspunkt, dass die Geschichte sich dort abspielt...Eine vierzigjährige Hebamme, die ihren Beruf liebt und als Hobby Geschichten schreibt wird den Gedanken nicht los, dass ihr perfekter, reicher Ehemann, sie betrügt...von Selbstzweifeln geplagt und Angst vor einer faltenreichen Zukunft, entscheidet sie sich nach Bali zu gehen für eine Wellness-Woche und das tut ihr mehr gut als zuerst gehnt. Sie lernt, selbständiger zu werden, unabhängig von den Launen und Meinungen der anderen, und krempelt ihr Leben komplett um. Das Happy End poltert dann aber am Ende eher beilufig rein und das tat der ganzen langen Vorarbeit nicht gut. Es war schon klar, dass die Beiden sich dann "kriegen", aber so unspektakulär dann doch nicht...Ich hätte eine paar mehr Seiten von ihrer und seiner Selbstreflexion genossen. Deswegen gibt ein gutes Mittelmaß...Schn geschrieben, manchmal zum Brüllen witzig, manchmal rührt es zu Tränen...Und dennoch irgendwie sehr realistisch.

Kurzbeschreibung Angie Romeo is living the Australian dream. With a wealthy and loving husband, good friends, a caring (albeit domineering) mother, a luxury apartment on the beach, and a fulfilling career, she should not want for anything although Sure, like any of us, she has a few niggling worries like crumbs crunching underfoot on the kitchen floor just as the guests are arriving. But crumbs can be quickly swept under the kitchen mat before popping the champagne and ushering in the visitors. Can't they? Especially for visitors who are best friends and family. After all, best friends and family would never let you down Right? However, when Angie's perfect world starts to crash, some of the people on whom she thought she could depend appear to be right bastards. And some of the right bastards could just become her best friends or maybe even lovers. In order to learn who is who, she just has to learn to stop sweeping things under the carpet and follow the process: The process of life. Written with splashes of compassion, streams of humour, rivers of emotion and oceans of passion, Best Friends and Bastards, by Jaci Byrne is a waterfall of brilliant reading and a real page turner packed with action and intrigue.
