Dissatisfying lovestory, suspenseful visit at home Von reader Two stories are alternately told in this book: the happy one set in the Del Mar Club at the West coast six weeks ago and the dramatic one taking place in the Montague mansion in Georgia in the present. At the Del Mar Club Alex, now Charli, gets to know Nox. I did not get their

connection, both are attractive and attracted to each other, they spend three days together doing what? They have sex just on the fourth and fifth night, there is no conversation or banter over dinner,\*\*\*\*\*spoiler\*\*\*\*\* and then he seems to be into BDSM with an emphasis on

Sado:\*\*\*\*\*For my taste the introduction to Nox and Alex/Charlie was not as strong as "Consequences." The premise is good, the characters need more development. There were open questions after I finished: Why is the heroine so old, graduating with a BA at the age of 23, nearly 24, but on the other hand summa cum laude, that does not add up. Why was the stepfather abusive to her as a small child as well as her mother? What about her grandparents at that time? Her mother's first husband died in a car accident, her godmothers as well - ??? now the children are to marry? There are a lot of secrets that need unravelling. When Alex went to NY, the book turned around for me and my interest was peaked. But I figured out the twist other readers were surprised by as soon as her cousin suggested the loophole. I feel like I've read this before. The revealing of Nox's real name..... I kind of see where it is going, I can be wrong.... I expected Alex/Charli/Alexandria to be a strong heroine like Claire in Consequences and Victoria in Insidious. Especially with her summa cum laude BA from Stanford and an admission to Columbia she should have a healthy self-confidence, but as soon as she enters the gates of the Montague mansion she is a child again. There must have been a lot of abuse. I will probably be in the minority if I suggest some of the book could have been condensed. There are too many inner monologues about her heritage, her upbringing, keeping her facade and some information was repetitive.

Kurzbeschreibung One week. No future. No past. No more. Alexandria Collins has one week to live carefree no ghosts of her past or pressures of her future haunting her. Reinventing herself as "Charli," she is knocked off her feet by a sexy, mysterious man who brings her pleasure like she never imagined. With her heart at stake, she forgets that decisions made in the dark of night reappear in the bright light of day. "Some of my tastes are unique. They aren't for everyone. I understand that. Lennox "Nox" Demetri is wealthy, confident, and decisive--he knows what he wants. From the first time he sees Charli at an exclusive resort, he knows he wants her. Although he is usually the one to make the rules, together they agree on one: One week. No more. When betrayal comes from those closest to Alexandria, she must decide how far she is willing to go to survive. Choices are not always easy, especially when they involve the heart, body, and soul. After all, Infidelity is a business, and some rules are meant to be broken." Is it really cheating if you're doing it to yourself?" From New York Times and USA Today bestselling author Aleatha Romig comes a sexy, new dominant hero who knows what he wants, and a strong-willed heroine who has plans of her own. With classic Aleatha Romig twists, turns, deceptions, and devotions, this new epic contemporary romance will have readers swooning one minute and screaming the next. Have you been Aleatha'd? BETRAYAL is a full-length novel and the first of five in the INFIDELITY series. This series isn't about cheating. Kurzbeschreibung One week. No future. No past. No more.
