KurzbeschreibungMy name is Landon Hamilton. Im a ghost.I died five years ago, except I didnt get to rest in peace like most of the departed. Instead, I was tapped by Dante (yes, that Dante) in Purgatory to become his champion and save humankind from the rest of the Divine - you know, angels and demons and their mortal followers.It seemed like a great deal at the time. I would answer my calling as a diuscruis (a perfect balance of angel, demon, and human) by getting sent back to the mortal world, inheriting the magic to bend the universe to my will, and saving humanity from devastation. Hindsight it sucks. Yeah, I saved the world; but my vampire almost-girlfriend, Rebecca, stabbed me in the back (literally), I was forced to kill my angel best-friend, Josette, Ive got a snarky werewolf taking up residence in my soul, and to be honest, Im getting tired of the whole damn thing.I dont eat, dont sleep, and barely feel. Ive become obsessed with the Demon Queens warning, and the only thing keeping me hanging onto any shred of my humanity is Josettes daughter Sarah. Except now shes gone.She was taken right out from under my nose, and I dont know by who or for what purpose. What I do know is that Ill do whatever it takes to get her back, and there isnt an angel, demon, or god that can stop me.Its a good thing Ive still got my anger.
