Von Airicka Phoenix : Betraying Innocence (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Betraying Innocence (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Hold your breath and take the rideVon JulesSo Airicka has them all: Spencer, Adam, Octavian (*sigh* Octavian.....) and

now Rafe... Seriously, with those guys coming from my head I wouldn't want to live in reality anymore... But now let's get to *Betraying Innocence*. The first thing I want to say is:OMG!!!I have to be honest here, whenever I checked for the book I just couldn't get myself to actually buy it. I don't even know why, but I had it on my wish list instead. I was really glad when Airicka offered free copies and I got one. Boy, am I happy about that!This book is romance, fantasy and murder mystery in one. No matter what you feel like, this book satisfies every need. I was hooked from the first page and I can say that a lot of it was Rafe and the whole story behind him. The way he treated Ana, caring for her in the sweetest way and then pushing her away made my heart break along right with Ana's. And still, even though he tried to push her away he was always there when she needed him and I am glad that eventually Ana got the chance to pay him back for that.Concerning the murder mystery... I pretty quickly was onto three of the four guys involved and I felt immensely proud. It's not that Airicka just writes it so flat... In contrary, she makes it exciting and fun to just follow along, trying to solve the mystery WITH Ana and Rafe instead of just reading how they do it. It takes a lot to actually make me take part in a book and hold my breath whenever the characters hold theirs, but Airicka managed so right from the beginning.I couldn't figure out what Johnny's deal was at first and I wasn't sure what to think about it, but just like he grew on Ana he grew on me, even if it was just the person you love to hate.Now one of the quotes I loved most from this book: "Is he dangerous?" her mother gasped. "Oh yeah, in a big way!" Wanda laughed, still making no attempt to take their order or go away. "The boy could make a nun sin! Just looking at him will melt your clothes-" '- *Betraying Innocence* by Airicka PhoenixNow I want to say a few things about the grown ups in this book. I love both of Ana's parents and I especially love how her dad takes to Rafe eventually, being the cutest and yet protective dad anyone could wish for. Same goes for Ana's mom, who appears to be tough on the outside, all business woman, but then she shows her soft sides and I can just say that no matter what was thrown Ana's way, they were there for her, which I think was very good and yet didn't seem overdone or anything, like sometimes authors do.I read a few Airicka Phoenix - books so far and all of them got a five-star-rating from me, which is the highest on Goodreads. If you ever get a chance, pick up any book from her... You won't regret it, no matter which book you pick.All I have left to say is:I love you, Airicka Phoenix.
