book #2 of Jenna Galickis Radical Rock Stars series and am as blown away as I was after reading book one. The relationship of Jessi, Tommy and Angel is unconventional, refreshing, one-of-a-kind, maybe a bit scandalous and it is of an incredible rare deep and genuine love that literally seeps off the pages! What an amazing sequel to the series! It starts directly where book one left off therefore book one should be read first. Tommys and Angels now famous and successful punk rock band Immortal Angel is about to start their first world tour unfortunately Jessi needs to stay behind during the first leg in Asia to finish her college degree and open up her very own fashion store. She is excited about pursuing her own career, yet she is devastated that Tommy and Angel are about to leave without her. Where will that leave her in their already complicated relationship? This concern is not unwarranted, as being apart as well as their newfound fame and the responsibilities that come along with it take their toll on their relationship. Jessi starts to wonder if the two men wouldnt be happier without her in her life What did I love about the book? Jessi!!! I cannot remember ever reading a book written in more than one perspective where I couldnt wait for the females point of view. Id always preferred the perspective of the man. Here there is not one but two men to choose from and still I found myself anxiously awaiting it to be Jessis turn again! I truly admire her. Her strength, her unselfishness, her utter devotion to Tommy She does everything to make the man she loves happy, even if that means she has to share him with another man. When she fell for Angel just as much, my heart broke for her at Angels inability to return it in the exact same way. And then admiration took hold of me again when she found a way to balance, to cope with her love for him. I was right there with her when she doubted her part in their relationship and felt her pain. I could go on and on with my praise lets just say I was on a constant verge of admiration and heartbreak when it came to Jessi. Tommy for being able to balance his love equally between two people. He just knew when he needed to stay out of an issue between Angel and Jessi in order not to appear to take a side. Also, for his unadulterated and pure love for both of them he would quit the band if that was what it took to save their relationship! And Angel. He is the perfect addition to the Blades marriage. He is generous, overly caring and kind. He made it very clear from the beginning that it is not his intention to destroy their marriage. Although he cannot reciprocate the physical love Jessi has for him, they match and complete each other perfectly on every other level. And Tommy and him whew! I need a fan, please!! The hotness! The passion! The sizzle! The tension! Oh my, the steaminess of this book is simply off the charts! The one-on-one scenes between Tommy and Angel or Tommy and Jessi alone are incredible, but the three of them together with or without additional toys add to a sexual charged explosion that is unbelievable! Be sure to have your change panties within reach!! Their unconventional yet working relationship and the portrait of the characters. The characters have depth, they have a soul. While reading you have the impression you know them personally. The same goes for their relationship: It seems out of the norm and you might question that such a constellation could ever work, yet you believe you feel their bond. They have to deal with real relationship issues: Separation and jealousy, and they also realize that even a secured relationship is work and cannot be taken for granted, that honesty and communication are the alpha and omega of a solid relationship. The music! Jenna Galicki gives a real insight into the music industry: The responsibility, demands and pressure that come with fame and what happens if you get swallowed up in it. I also loved the vivid and colorful descriptions of Immortal Angels concerts they made me feel like I was right there with them, front row! It makes me wish the band Immortal Angel really existed! BETWEEN A ROCK AND A HARD PLACE a wonderful emotional rock star romance of a unique not-so-common type of a relationship that feels real and confirms that true love knows no boundaries! It is a book I will keep close to my heart and securely placed on my bookshelf (yes, I am talking about a paperback!). Im looking forward to the bassist Damien and Alyssas story! The whole series comes with a high recommendation! Pick it up today!! PS: I love the accuracy of the cover!!!

Kurzbeschreibung Shes a rock goddess. Hes a sex pistol. I need them both, in my life and in my bed, and Im not living without either one of them. Ill do whatever it takes, even if it costs me everything Ive ever wanted. Im Tommy Blade, The Prince of Punk Rock, and this is the continuation of our story. Warning: This book is for mature audiences only. When Jessi Blade is forced to miss the first leg of Immortal Angels world tour, Tommy Blade and Angel Garcia are alone together for the first time. Their romance flourishes and brings them closer together, but time apart puts a strain on Tommy and Jessis marriage. The demanding schedule of a world tour, pressure from the record label and a wife who feels neglected, leaves Tommy under a blanket of anxiety. Hes helpless as his perfect life slowly falls to pieces. When Jessi Blade finally catches up to Tommy and Angel four weeks into their world tour, she begins to feel like an outsider. Shes not about to take a back seat to Angel and competes for Tommys attention. Tired of the rivalry, she begins to wonder if theyd be happier without her. Angel Garcia is trying to hold their relationship together, but Jessis animosity and Tommys nervous tension is a heavy load to carry. Before long, it becomes clear that their life and the band are doomed unless they work out their differences. Excerpt: Tommy slid his hand across Angels broad chest and around his waist. Before it reached its intended target, Angel removed his hand and held it. That can wait. I have something better in mind. The sunrise. Tommy brought himself up on one elbow and leaned toward the window. It was still dark. He flashed Angel a provocative smile. I think we still have a few minutes before the sun comes up. Were not

watching it from the balcony. Were going to watch the sunrise from the beach. Dont bother to get dressed. Were taking the sheets and blankets with us.They carried the bedding down to the silvery sand. It glowed from beneath the sky that was between the stages of moon and sun. Tommy stood with his face to the sea, while a cool pre-dawn breeze blew his hair off his shoulders.Youll catch cold. Angel draped a velour blanket over Tommys shoulders. Come snuggle under the blanket with me. The suns about to come up.Tommy pulled the corners of the blanket around him and let Angel guide him back to the pillows that were piled on top of the blankets on the sand. He settled into the makeshift bed that Angel created for them. They wrapped their arms and legs around one another in order to keep the heat from their bodies within the confines of the blanket.In a matter of seconds, the sky transformed from a deep gray to shades of fuchsia and lilac. A golden sun peeked its head over the tranquil sea, sending luminescent ripples of color across its mirror-like surface.Its beautiful. Angel placed a light kiss atop Tommys wind-strewn hair.Tommy looked up into the dark eyes of the man he loved and a warm sensation spread through his chest. How did you get to be so romantic?Romance is all I think about when it comes to you, mi amor.KurzbeschreibungShes a rock goddess. Hes a sex pistol.
