**Von Amanda Cowen : Between Friends (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Between Friends (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sinnlich - realittsnah - vorhersehbarVon InfinityforeverDas Buch hat mich gefesselt. Die Leidenschaft hat mich gepackt. Der Story kann man gut folgen und es fhlt sich so an, als ob es einem selbst passieren wrde. Einen Punkt habe ich nur abgezogen, da die Story an manchen Stellen vorhersehbar ist. Ich kann es nur empfehlen - vor allem zu dem

Preis - und würde mich freuen mehr von der Autorin zu hören. 0 von 0 Kunden fanden die folgende Rezension hilfreich. HEA nice Von Anjli The storyline isn't new but was still enjoyable although I found the characters a bit inconsistent and there were parts of the story that didn't make sense to me. If you're like me and just about read anything and everything you can get then this a nice read to pass your time. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Harry and Sally Von Customer Vorhersehbar, aber unterhaltsam für die schnelle Sommerlektüre. Mit Zunahme der "schlupfrigen" Szenen nimmt der Plot an Leistung ab. Preis-Leistung passt.

Kurzbeschreibung There's a fine line between love and friendship... BETWEEN FRIENDS by AMANDA COWEN An .co.uk and .ca top-10 bestseller "If you're looking for a fun, read this is sure one you will enjoy!" - Chris's Book Blog Emporium "Short and sweet story with a adorable HEA for the hero and heroine that I don't think you should pass up!" - Jelena's Book Blog "The chemistry between Ben and Megan were both funny during the preparations for Jessica's wedding to the most sweetest thing he could do to win her heart!" - Stuck In YA Books Book Blog (New Adult Contemporary) \*\*Mature Content\*\* Recommended for ages 17+ due to sexual content and language. The only way to have a friend is to be one especially between the sheets When neurotically challenged and unlucky in love Megan Daniels is propositioned by her life-long friend Ben Romano with a coin toss (heads, they sleep together, tails, they don't) the night before they are about to attend a destination wedding, she drunkenly accepts his challenge. But when Megan wakes up the next morning with a bad hang-over and Ben in her bed, she is more than mortified. It isn't until the tropical heat begins to ignite emotions Megan never believed or thought she could possibly have, when she starts to question if risking their friendship is the answer to finding true love. A cute and contemporary debut novel, BETWEEN FRIENDS faces one girl's struggle between the fine lines of friendship and love and the risk of opening up her heart to the possibility of forever.
