KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. sweet story but too much sexVon Anne FranzSofi who can see the future in her dreams is dreaming of a guy and suddently

she meet him. The story is spiced up with the wick power of sofi, her grandmother, her mom and the ghost of a dead twinbrother. The book is nice and interessting. One star less for too much sex in the story (for my taste). I would have liked more story and cut out several sex scenes. But there may be readers out there who have the exact opposit opinion. 4 Starst for a nice weekend read.
