She finally has the job she has been working so hard for, with Bond-Worthington on Wall Street. After lots of sweat, Jamie has gotten herself on Mr. Newhouse's calendar. She plans to take the Newhouse account away from Goldman-Sacks, earning another star in her crown. Yet thanks to trouble at Grand Central Station she is late. Jamie ends up sharing a White Hummer Limo (the

only thing available) with "Andrew". Whether from stress, her starved love life, or just plain lust, Jamie ends up seducing Andrew en route to her important business meeting. But Jamie has no idea exactly WHO Andrew really is! Andrew Brooks is part of Shearson, Brooks, Panhoyer, Bloom. He got to where he is today by sheer determination and his personality disorder. (Hey, Andrew will be the first to admit that the disorder is very useful in the trade!) Andrew practically raised his younger brother and sister. When Andrew wants something, he goes after it; nothing is held back. And ever since his mind-blowing experience with Jamie in the Hummer, Andrew wants her again. Problem is that after a little too much alcohol Andrew made the error of telling his brother, Jeff, about his Hummer experience. Then Jeff tells their sister, Mercedes, because she has received another book rejection letter and he is hoping the story will cheer her up. Mercedes goes to The Red Choo Diaries online and writes the HOT scene up for all to see. Coming from Jeff, Mercedes never believed the Hummer story to be true! Even the Wall Street Journal mentions the story of two Wall Street execs in the Hummer. The story is a hit! Everyone wants to know who Bull Market Jack and the Hummer Honey really are. People are even willing to pay for any information. Should anyone learn that the Hummer Honey is Jamie McNamara, she will be ruined (much to a particular intern's delight) and Andrew may never get the one thing he wants more in his life - Jamie.***** Wow! This story starts out hot, with the Hummer experience, and the heat blazes until the very end. Harlequin Blaze romances are for readers who enjoy more than a single love scene in their stories. Let me tell you this, author Kathleen O'Reilly delivers! You are going to L-O-V-E this tale. A successful hero who desires the love of an up-and-coming successful heroine, a believable plot, and a romance you will never forget. I am more than ready for book two! *****Reviewed by Detra Fitch of Huntress Reviews.
