Joyce, but this one was really disappointing! The main characters were just unlikeable and not sympathetic at all. The "hero" Dom is arrogant, selfish, and completely cavalier in his treatment of his wife Anne and his family. We're to believe that he ignored Anne for four years because he was tormented and feared loving her, but what about his mistress with whom he has two children?! Frankly, I wanted to know more about this woman - she must be more interesting than Anne if Dom had a five-year relationship with her and still sees her on a regular basis! As for Anne, she quickly lost any sympathy I felt for her as she disintegrated into a fearful, emotionally-unstable stereotypically "gothic" heroine. Throughout the book, she succumbs to Dom, then regrets it, angry at him and herself. She's been running the estate by herself for 4 years, so I expected her to have more gumption. I never felt that Dom valued or understood Anne as a person while Anne inexplicably loves the guy. Additionally, there are a lot of minor characters and they're all involved in the story, which further detracted from the Anne-Dom storyline, especially since nothing really changes in their relationship. The author also reveals who the culprit is early on, so the "mysterious" attacks on Anne don't generate any suspense. This whole plot point seemed unnecessary. The story could have been tighter if the author had concentrated on the relationships between Anne and Dom and within his family.

I'd agree with the reviewers who said this book was a page-turner -- at least in the first half. The second half, though, fell apart. (It didn't seem as well edited.) A number of less-interesting scenes detracted from the plot. No spark, other than lusty sex, developed between the two characters, and I didn't feel that estrangement issue was resolved. So, why was Dom away for 4 years, and what are they going to do about it? What about the mistress and the other two children? Three stars because it had potential to be a really good book.

This book was quite the page turner, and the story line was well written with a lot of mystery that kept you going until the end. However, being the romantic person that I am, I held a lot of hostility towards Dom as he decided to leave Anne on the night of their wedding and abandon her for four years. Their love throughout the story grows and the passion between them sparks and rises to put the romance back into the story. Overall it had a lot of romantic quality but, I would not say that it is among one of Brenda Joyce's best.
