wait to read the second book! Von SiniFis***I received this book in exchange for an honest review from the Author and the Lovers of Paranormal Group on Goodreads.com***I liked it a lot. I was a little sceptical at the start and it took me a while to get into, but I totally got hooked after a few chapters. I suffered with Jared who lost his great love and felt for Alex who didn't know where she belonged. I think the two of them are a great and strong couple. My favorite scene was probably when Jared ended up tranquilized in Alex's flat. A great book and I can't wait for the second one.
