Poppy needed to go out she was lonely, never going anywhere it was just her and Malcolm, her parrot. When she saw the app calledMate.com. While signing up Poppy over heard her boss talking she knew she had to leave, grabbing her purse, keys her boss's son grabs her than threatens her. Poppy went home and decided was time to leave so she packed and got Malcolm. Beep Beep her phone rang Mate.com found her 100% mate !!!Angus Grant aka Big Bear is a Grizzly Bear on top of he's a famous wood furniture maker and also part of the Rescue Bears his life was full with all his Ex Navy SEALs that was the rescue crew for the Fate Mountain Lodge in the Fate Mountains. All he was missing is that he hadn't found his mate. With the new app he hoped!! I was gifted this ARC for an honest and truthful review.
