monogamous relationship boyfriend in the sweaty, deep thrusting passion of your best friend! Jennifer has had enough of the lies and late nights. No amount of begging and I'm sorry will cut it for her. To make matters worse the career path she has planned for herself goes up in smoke when the business she works for decides to layoff and relocate.. With a nice exit package she drives off into the big unknown, buying a home site unseen is the right dose of medicine to start over, in Wyoming? Little does Jennifer know that her bad can go to worse getting in the middle of a Settlement war between the Grimpaws and the Wolf pack of Clearponds. Jennifer's world is about to get turned up-side down in this shifter romance. Ethan is a bear shifter and the clan leader; he is not too bad with his hands. (wink) With a home in need of repair can Ethan heal and fix Jennifer's heart? I enjoyed the story line and the writing was well developed. The characters had depth and I would not be surprised if we see more from the Grimpaw family. Anya Nowlan and Rory Dale did a phenomenal collaboration on this book.0 von 0 Kunden fanden die folgende Rezension hilfreich. **MUST READ-CAPTIVATING SIZZLING ROMANCE!**Von midniteink**BIG BEAR PROBLEMS-A sizzling romantic story.**This story features; Ethan, a strapping, heart-stopping gorgeous, powerful Alpha bear-shifter; Jennifer, a curvaceous, sassy beautiful human.What you'll find in this story; a cast of remarkable impressive and engaging characters, fabulous story-line, potent vivid scene descriptions, superb banter, gripping suspense, life threatening incidents, horrific danger, heart-throbbing pulsating romance, and a melt your heart conclusion leaving you content and wanting more.Moving to Sweetwater, Wyoming catapults Jennifer into a world of danger and passion.**FANTASTIC** fast paced well written read by gifted authors. The sexier and naughtier the better. She mostly writes paranormal and fantasy erotic shorts, focusing on shifters and their lucky mates. Her stories are bite-sized, just what you need to soothe that craving for brave women and growly alphas with a big side-order of smutty sex. Anya lives in Boston with her boyfriend and several dogs of varying sizes and levels of mischief. She can't go through a day without chocolate and has an unhealthy addiction to purses, but every girl is allowed her little vices, right?
