Von Juliette Jones : BILLIONAIRE (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised BILLIONAIRE (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A winner Von Luftikus I really loved this book. Alexander is strong enough to be vulnerable and I found both characters likeable and believable! One can follow their inner reasoning. The writing is very good, which isn't a given in this genre. It is a fairytale and I am looking forward to read the next installment. If you love Gideon you will love

Alexander !

KurzbeschreibungBILLIONAIRE (Complete Series)Lila Carmichael is a good girl, a high-achieving academic, punctual to a fault, unfailingly conscientious and embarrassingly inexperienced. After graduating from Princeton, Lila moves to New York City and begins her job search. Innocent and naive, she is swept away by an uncharacteristic bloom of total abandon as soon as she meets the tall, dark-eyed CEO of Wolfe Enterprises. Under Alexander's potent influence, Lila undergoes a thorough transformation from demure virgin to lusty goddess in just two days. Given her upbringing, it's only natural that Lila would be attracted to such a pinnacle of stability, but as emotion and lust entwine, she begins to question the motives behind her covetous, hedonistic desires. Alexander Wolfe needs a new assistant to help him run his publishing empire. One woman in particular catches his eye and he decides to interview the candidate one-on-one in his private penthouse office. When a green-eyed goddess walks in, Alexander, for the first time in his life, finds himself powerless to resist. The difficulties of his past ensure that his protective instincts are fiercely attuned, and Lila's vulnerabilities, combined with her nubile body and voracious new appetites, only succeed in ensnaring Alexander past the point of no return. Set in New York and Paris, Lila and Alexander's connection is a whirlwind of lust, love, jealousy and alpha male obsession. Will they find their happily ever after? Also by Juliette Jones: Honey
