A perfect Sci-Fi novellaVon Laura J.This novella is perfect for anyone who likes Sci-Fi or who maybe just wants to dip their toes into the genre. The world-building is rich without being confusing (which at this length is honestly

impressive), I love the main character and though the aliens are reminiscent of other portrayals (but honestly, which aliens are wholly original?), their development was not what I expected and thus liked a lot. There are a few questions left unanswered (which might be in the sequel) but aren't ignored, so it doesn't feel unsatisfying. Overall I can only recommend this novella with a unique voice - and honestly, at under 100 pages there is no reason not to give it a try. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Enjoyable Von KrankyKat This is not the kind of literature I usually read, but for some reason I decided to buy this book. What a pleasant surprise! I liked the character a lot and I really wanted her to make her way. For people who like battle and bloody scenes and fighting, this might not be the right kind of book. I find this much more creative and far less destructive. Well written, a quick read, a refreshing perspective. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Storyline super Von Michelle Taher Super storyline, finde die Idee von der Geschichte brilliant. Jedoch zu kurz. Die Geschichte knnte man so richtig toll ausbauen und auf ein paar hundert Seiten verlngern. Die Geschichte lsst auch viel Fantasie Freiraum und das Ende bleibt offen sodass man den zweiten Teil dann auch lesen will. Auf jeden Fall spannend und lesenswert. Schade dass der Lesespa zu schnell endet.

Produktbeschreibung "Prepare to fall in love with Binti." Neil Gaiman Winner of the Hugo Award and the Nebula Award for Best Novella! Her name is Binti, and she is the first of the Himba people ever to be offered a place at Oomza University, the finest institution of higher learning in the galaxy. But to accept the offer will mean giving up her place in her family to travel between the stars among strangers who do not share her ways or respect her customs. Knowledge comes at a cost, one that Binti is willing to pay, but her journey will not be easy. The world she seeks to enter has long warred with the Meduse, an alien race that has become the stuff of nightmares. Oomza University has wronged the Meduse, and Binti's stellar travel will bring her within their deadly reach. If Binti hopes to survive the legacy of a war not of her making, she will need both the the gifts of her people and the wisdom enshrined within the University, itself but first she has to make it there, alive. PRAISE FOR BINTI "Binti is a supreme read about a sexy, edgy Afropolitan in space! It's a wondrous combination of extra-terrestrial adventure and age-old African diplomacy. Unforgettable!"
