WonderfulVon Susanne BodensternThe fairy tale of Rapunzel with a new and elegant twist, wrapped up in the scandalous life of a court lady in France. This is a unique book, a story within a story within a story, a far cry from the

horrible sugar-coated Disney versions

KurzbeschreibungCharlotte-Rose de la Force, exiled from the court of King Louis XIV, has always been a great talker and teller of tales. Selena Leonelli, once the exquisite muse of the great Venetian artist Tiziano, is terrified of time. Margherita, trapped in a doorless tower and burdened by tangles of her red-gold hair, must find a way to escape. You may think you know the story of Rapunzel . . .
Pressestimmen'I so enjoyed Kate Forsyth's Bitter Greens: a fabulously tangled web of fairy tale and historical romance... Heartbreaking. Exquisitely sensual.' Essie Fox, author of The Somnambulist. 'History and fairytale are richly entwined in this spellbinding story. Unputdownable!' Juliet Marillier, author of Daughter of the Forest
