victim was drained. her partner is starting a new job and a new partner, Ash. as soon as they meet, you can feel the sparks flying - I absolutely loved the tension between them and the growing attraction. the dialogues and interaction between these two are great and they are lovers and adversaries at the same time. the suspense and action in this book is really good and keeps you on your toes. the story is very well paced and the world building is absolutely interesting. as this was my first book from this series I could see through Faith eyes and it was interesting to discover things. the characters are well built - Ash is definitely an Alpha male with bad guy vibes but he learned from the mistakes of his past. Faith is a strong character who sees the world in black and white and always wanted to be part of the good guys. I really hope that there will be more books in this series as there are a lot more characters to discover. without having read the first two books I loved it that Mrs. Croft involved the other couples in this book all in all it was a nearly perfect read and I enjoyed it. Disclaimer: I got a free copy of this book in exchange for my honest review

Kurzbeschreibung There are no monsters, only good guys and bad guys. That's the creed by which Detective Inspector Faith Connolly has always lived. When Faith discovers she has a time bomb counting down in her head, she has one goal: to solve the murder case she's working on and gain closure. Her investigation brings her in contact with Ash Delacourt, who is definitely one of the bad guys, albeit a stunningly gorgeous one. As payment for a debt, Asmodai, AKA Ash Delacourt, finds himself working with the Order of the Shadow Accords. He's the demon representative on the newly formed committee for the integration of mankind and well everything else. It's a chance to be near his daughter, make a new start, and once he's met the delectable Detective Connolly maybe have a little fun. But as Faith's investigation deepens, her beliefs are eroded and for the first time, she is falling in love with one of the bad guys. How can she ever let Ash close when her time is running out?
