Eines der best en Bucher, die ich gelesen habeVon Rose5.0 out of 5 stars I wish I could give this book more than 5 stars, May 8, 2015By RoseVerified Purchase(What's this?)This review is from: Black Balled (Kindle Edition)If you know me, you know how difficult is for me to write a review, that is why I dont write them very often, but. For this book. I

would definitely try. This was my first M/M read and I didn't know what to expect, this book was amazing, it has everything I like in a book, alpha, sexy and dominant male (this one has 2), it's romantic, it made me laugh, sometimes it broke my heart, and I got angry. I want to be honest, I didn't like the behavior of the MC characters at the beginning of the book but at the same time this kept me interested to see what they were going to do next. And as the story continues, I came to know Larson and Troy as they really are, and what made them be that way, their struggles and how they became after resolving their issues. On most of the books I read there is always my favorite character but on Black Balled, sometimes it was Larson and other times was Troy. I didn't want to write a summary, but as I'm writing this review, I feel the need to write about some scenes, one scene just blew me away, it takes place at an elevator, also there is one scene with an escort and some scenes that were very emotional and broke my heart. I also loved how they discovered who they are not just sexually but in every way and learned to accept themselves and be happy. This is one of the most amazing books I have read, I couldn't put it down but I wanted to savor every little detail. I would definitely recommend this book, it will stay in my mind and in my heart for a very long time. I began reading a new book after I finished this, but couldn't put Larson and Troy out of my head. Makes me want to attend all the signings in the country if this kind of elevator ride is an option. No, you're talking sexual. I'm talking intimacy knowing the person you're with inside and out. Sharing confidences, being sensitive to their emotional needs; their dreams and fantasies, along with their fears and insecurities. I cleaned out a closet. The little pleasures in life are often times the most satisfying. Created separately for the sole purpose of coming together.

Kurzbeschreibung Two dominant males, two worthy adversaries, in a business that takes no prisoners, will soon learn that fate refuses to be ignored . . . My name is Troy Babilonia, but I'm best known as Babu, a renowned literary critic with my own online column. I'm followed by thousands! I'm a living god in the literary world. I have no filter, and for that, my flock of humble followers are forever grateful. If it weren't for me, they wouldn't know what to read. I have zero tolerance for the weak-minded attention seekers, nor do I have respect for the self-proclaimed geniuses of the Indie world. My advice to all Indie authors is to never break the cardinal rule in this cut-throat business. Ever. My name is L. Blackburn and I'm an Indie author. My extraordinary genius was loved and worshiped throughout the literary world, until one egocentric critic tried to obliterate my career. It seems I broke some "cardinal rule," and now I'm paying the price for it. But I don't plan on going down without a fight. Sexual Content. M/M - Graphic Sexual Situations
