Von Nora Roberts : Black Hills before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Hills:

KundenrezensionenHilfreichste Kundenrezensionen18 von 19 Kunden fanden die folgende Rezension hilfreich.
Montana Sky part IIVon MedicusHi everybody!First that disastrous first Bride book and now this....as long as she is

out of ideas: please stop writing and asking money from unsuspecting readers for the same as before. If anybody feels reminded of Montana Skye, well seems like she just shook the ingredients a little and almost the same pops out... wild West country, strong law man, or former lawman, indian heritage, 2 people who have known each other for ages..., the killer on the hunt....Montana Skye was really good, but this is just boring. Don't waste your money on this one, get the original Montana Skye and rather enjoy this.9 von 10 Kunden fanden die folgende Rezension hilfreich.

enttäuschend Von Leonore Jeder neue Roman von Nora Roberts ist ein Mu, führt aber in diesem Fall -nach The Pagan Stone und dem ersten Band des Bride-Quartetts - zu einer schweren Enttäuschung. Die Charaktere bleiben flach, und es will nicht einleuchten warum sich die Hauptpersonen derart mit der Erinnerung an ihre jugendliche Affäre abgeben. Trotz aller Mühe will auch in der Thriller-Linie keine Spannung aufkommen. Es reicht eben nicht, eine Handlung technisch einwandfrei aufzubauen, wenn es nicht gelingt, die Figuren zum Leben zu bringen. In diesem Zusammenhang ist es erstaunlich, da die beiden letzten Bücher aus der Dallas-Serie so gut waren. Vielleicht sollte sich Roberts darauf konzentrieren und nicht zwingend jedes Jahr mindestens drei Neuerscheinungen produzierend. In diesem Fall wäre vermutlich weniger mehr.8 von 9 Kunden fanden die folgende Rezension hilfreich. Brilliant Von

Katzenjammer123 "Black Hills" by Nora Roberts is a fantastic book which should be enjoyed in a comfy seat with lots of time to read because there is so much to take in. Dr. Lilian Chance is living her dream. She built up the Chance Wildlife Refuge in the Black Hills where she cares for animals. She lives a satisfying and happy life but could never forget her first (and only) love Cooper Sullivan. They met as children on her parents farm in the Black Hills, fell in love as teenagers and broke up some time later. While he ended up in New York as a cop Lil never left her home. Even today, 12 years later, Lil is still in love with Cooper. When he comes back to the Black Hills to stay he wants another chance with Lil. He's still in love with her and when someone starts making trouble for Lil and her Refuge he is there to help. Soon they find out that there is a serial killer on the loose who likes to hunt his prey and who plans to make Lil his next victim. Cooper is there to make sure that Lil stays safe and to win her back. But in the end it's up to Lil to decide if she can trust Cooper again and to outwit the killer. I love everything about "Black Hills". The characters are great and the scenery (Black Hills plus the wildlife) is so lively described that sometimes I felt like I was actually there. Lil is an awesome heroine. She is a strong and caring woman who has been fascinated by the wildlife since she was nine. She is very sure about her goals in life and works hard to achieve them. She loved Cooper practically from their first meeting and never thought that they could break up. Cooper also never stopped loving Lil but growing up with cold and uncaring parents made him uncertain about himself. He needed more time than Lil to build up his life and to become the person he wanted and needed to be. He never intended to break her heart, he honestly thought that ending their relationship was the best for Lil and him. I enjoyed reading about their relationship as children, teens and adults a lot. Especially because the changes in their relationship aren't rushed and I can understand Lil's fear to be hurt again but I also love how Cooper stays steady in pursuing her and is solid as a rock but also very sexy. Furthermore the book contains a really sweet second love story, all the characters are great and very likable (ok, all besides the creepy and crazy serial killer) and the end is breathtaking. So all in all "Black Hills" is an outstanding book that you shouldn't miss.

Kurzbeschreibung In this #1 New York Times bestseller, Nora Roberts takes readers deep into the rugged Black Hills of South Dakota, where the shadows keep secrets, hunters stalk the land, and a childhood friendship matures into an adult passion. Cooper Sullivan spent the summers of his youth on his grandparents South Dakota ranch, sharing innocent games and stolen kisses with the neighbor girl, Lil Chance. Now, twelve years after they last walked together hand in hand, fate has brought them back to the Black Hills. Coop has left his fast-paced life as an investigator in New York to take care of his aging grandparents and the ranch he has come to call home. Though the memory of his touch still haunts her, Lil has let nothing stop her dream of opening the Chance Wildlife Refuge, but something...or someone...has been keeping a close watch. When small pranks and acts of destruction escalate into a heartless attack on Lil's beloved cougar, memories of an unsolved murder in these very hills have Coop springing to action to keep Lil safe. Lil and Coop know the natural dangers that lurk in the wild landscape of the Black Hills. But a killer of twisted and unnatural instincts has singled them out as prey... From the Paperback edition. Pressestimmen A thrilling love story. Midwest Book This premier storyteller proves an ordinary love story can still win your heart, and even an inevitable confrontation may scare you silly. Publishers Weekly Another Roberts masterpiece... Once again, she creates compelling characters and produces a story that grabs your attention and doesn't let go until the last pages. McClatchy-Tribune News Service As in previous Roberts novels, well-fleshed-out characters add emotional punch to the action. The juxtaposition of animal and human predators eloquently points out where true viciousness lies. Twin love stories are beautifully woven throughout the gripping suspense. This is one of Roberts' best!
