**Von Laini Taylor : Blackbringer (Dreamdark)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blackbringer (Dreamdark):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read TooVon TeensReadTooI have read many books about fairies this year but this was the best of the lot. Okay, while I was reading the others I thought the same thing, but this book was a stand out!Magpie is a fairy who is a devil catcher. Humans have been letting them out to plague the world. She is the only one who has the ability to make the glyphs to rid the world of these foul beings. She finds that a new devil, one who is different and scarier than the rest, has been let out, as well.She tracks him down in Dreamdark, the home of the fairies. His name is Blackbringer.

He is going to destroy the whole world by unraveling the tapestry and swallowing the world into darkness and shadow. Through many adventures, Mags and her crows and a few other faeries wake up a Djinn, fight many frightful devils, and find out the true history of Dreamdark and the birth of Magpie. I was fascinated with the mythology that has been invented for this book. The world was dreamed by the powerful Djinnns and there used to be many creatures in this world that have been hunted out of existence by humans. BLACKBRINGER was a delightful read full of roller-coaster adventures and surprises. I sure hope Laini Taylor writes more about Magpie, the crows, Poppy, Talon, and the Magruwen. Wie immer super Fantasy Von SWW Wenn man mal etwas andere Fantasy lesen möchte mit super Schreibstil, ist Laini Taylor genau das Richtige. In diesem Buch braucht es eine Weile um reinzukommen, aber jetzt ist es total packend!

**Kurzbeschreibung** When the ancient evil of the Blackbringer rises to unmake the world, only one determined faerie stands in its way. However, Magpie Windwitch, granddaughter of the West Wind, is not like other faeries. While her kind live in seclusion deep in the forests of Dreamdark, she's devoted her life to tracking down and recapturing devils escaped from their ancient bottles, just as her hero, the legendary Bellatrix, did 25,000 years ago. With her faithful gang of crows, she travels the world fighting where others would choose to flee. But when a devil escapes from a bottle sealed by the ancient Djinn King himself- the creator of the world- she may be in over her head. How can a single faerie, even with the help of her friends, hope to defeat the impenetrable darkness of the Blackbringer? At a time when fantasy readers have an embarrassment of riches in choosing new worlds to fall in love with, this first novel by a fresh, original voice is sure to stand out. From Booklist Magpie, granddaughter of the West Wind, is born of dreams. When Humans "mannies" start letting loose devils in the world, faerie Magpie and her band of rough-and-tumble, cheroot-smoking crows must starthunting them down. The tale takes its time in unfolding, with lovely echoes of its literary antecedents from Tolkien on down. Magpie also learns it is she who must keep the dark from swallowing the world. She finds where the dragons, and her ancient heroine, Bellatrix, have gone, and she wakes an ancient djinni. The tapestry of the world needs reweaving, and a blond, tattooed princeling needs a way to remake his malformed wings. This all braids together into a radiant conclusion. Vibrant language overcomes a surfeit of telling rather than showing. 'Pie is one tough faerie, and the way is open for more tales about her to come. DeCandido, GraceAnne A.
