Von Brian McGilloway : Bleed a River Deep (Inspector Devlin Mystery Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bleed a River Deep (Inspector Devlin Mystery Series):

KurzbeschreibungWhen a controversial US diplomat is attacked during the opening of a Donegal gold mine, Garda

Inspector Benedict Devlin is disciplined for the lapse in security. The gunman turns out to be a young environmentalist related to an old friend of Devlin's. Within days, the killing of an illegal immigrant near the Irish border leads Devlin to a vicious people-smuggling ring. Then Bradley himself is found dead near the mine and Devlin begins to suspect that the business is a front for something far more sinister than mere mining. *Bleed a River Deep* is the new novel from one of the most acclaimed young crime-writers around, a labyrinthine tale of big business, the new Europe, and the dispossessed. World politics, industry and organised crime collide in McGilloway's most accomplished, most gripping, and most powerful novel yet. *Pressestimmen* "McGilloway is definitely a writer to watch. Dark but not as pessimistic as Ken Bruen and Declan Hughes, his action-packed stories feature great characters and evoke a strong sense of modern Ireland." --Library Journal
