Von Alannah Carbonneau : Bleeding Heart: Captured Miracle (Book 2) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bleeding Heart: Captured Miracle (Book 2) (English Edition):

SPOILER ALERT: This review contains spoilers In this book Nova is a lot more approachable than in the first one. Her actions and feelings are better explained and better understandable. I liked

the book except that Nova didn't force the issue of contacting her family. I just don't understand her, they are back from Greece for a couple of weeks and she doesn't push the topic. Weird. This would be one of my top priorities. But okay. And then the whole thing with her Calix- addiction. Nova says somewhere, that Calix trained her like an animal to be near him and to miss him when he's away, and i think he did just that and she doesn't even care. This is wrong on many levels. And now to the main point why i couldn't give this book a higher rating: Novas forced pregnancy. I remember how in the first book Nova told Calix that she wanted children and he freaked out because he didn't want them. Now he lies and deceits Nova to get her pregnant and doesn't even understand why she's angry. She's 21 years old, before Calix she wanted to go to college (clearly she now prefers spending her days in Calix office reading books and doing nothing for her education). Calix claims he loves her, but instead of talking to her why she doesn't want children now (which i totally understand because she's frigging 21 years old!!!) he just lies to her to get her pregnant. I understand he has trust issues but come on, this is Nova, she doesn't have a backbone and would never leave him. And then, Calix's arch enemy is standing before him. The moment he waited for 21 years is here. All the planning, Novas abduction, the marriage, everything leads to this point and Calix does nothing, because Nova gave him a child she didn't even want to give him in the first place! All the talk about how she was not allowed to contact her family and now he tells her father she may leave with him if she wanted to?! This is just nonsense!!! But nonetheless, i wonder how Alannah wants to finish the series. Calix ruined Novas trust in him but i predict that Alannah does, what she loves to do (as seen in all her books so far): she writes a s*x scene between them and after an orgasm (or two) everything is forgiven and forgotten. Sadly in real life s*x doesn't solve everything. I would have liked this book a lot better if Nova wasn't just a meek submissive but would actually have a backbone and if Calix wasn't just an *sshole and would have talked to his wife before forcing an child on her.

Kurzbeschreibung Ill take everything you want to give me, love. His voice was dark. Id gladly take your heart. Calix McKnight Only four days after Nova was captured by Calix McKnight, she lost her heart to his darkness and her soul to the dominance residing within the man. Only four days, and everything shed known had changed. He owned her body. He possessed her heart. He captured her soul. With no hope of running from him, Nova does the only thing she can do. She accepts him. She accepts his darkness and cherishes his edges. After their wedding only two weeks into her capture, Nova is taken across the world to honeymoon with Calix in lavish romance that tricks her mind and heart into falling deeper than the blue abyss of the ocean, in love, with a monster. But its not all bliss and romance, because Calix really is a monster, and hes more than determined to keep Nova as his own forever. Even the revenge that powered his every action has withered in comparison to the need Calix feels to possess Nova to completion. However, there are some actions that even true love cannot forgive. In the quest to bind her irrevocably to him, will Calix overstep his boundaries and push Nova away from him forever? ***This novel does end in a cliffhanger. There is dark subject matter intended only for those who are 18 years or older!*** Kurzbeschreibung Ill take everything you want to give me, love. His voice was dark. Id gladly take your heart.
