Warming Story to Make You Count Your Blessings Von Donald Mitchell Blessings is one of those rare novels which takes a single-word title into seven-dimensions of meaning in a delightful story about family love. Before introducing the story, let me outline the "blessings" references to help you appreciate the subtleties of this book. 1. Blessings is a place, the country home of the Blessing family. 2. The Blessings are a family that has had its ups and downs and sees its extinction coming. 3. Blessings are those gifts that we receive from God every day that we take for granted . . . like our families, the beauties of nature around us and our health. 4. Blessings occur when a new child is born . . . something we often call a blessed event. 5. Blessings are ours when others show love and appreciation for us. 6. Blessings can move us to live a better life when we are inspired to turn to goodness. As the story begins, an unwed couple is sneaking up at night on Blessings, the home of 80 year-old Lydia Blessing. Startled by a security light, the father takes their baby to the bottom of the stairs to the garage apartment rather than the main house. There, handyman Skip Cuddy discovers the little girl and takes her in. He finds himself totally charmed and challenged by this baby. Soon, Lydia Blessing realizes that Skip is parenting a baby alone and agrees to help him tend Faith. From that awkward beginning a strong bond develops among the three of them. Strengthened by this chance to nurture Faith, Skip and Lydia discover new depths of love, understanding and respect in one another. How well will these bonds endure when the world's expectations and perceptions intervene? The answer to that question is what makes this a grand story. Many will be disappointed with the story's ending, finding the transcendent focus of the conclusion to be unsatisfyingly spiritual . . . rather than tangible. For me, the book's main weakness was a tendency to over draw characters and situations which made the story clearer . . . but less convincing. If you read it more like you would a fable, you will undoubtedly rate the book as a five-star effort. 0 von 1 Kunden fanden die folgende Rezension hilfreich. An Emotional Roller Coaster! Von Lori Sylvester This book's title is most fitting. You truly feel blessed to have read this one! One of Ms. Plains best! A real page turner that takes you thru a range of emotions. I don't recall ever having such a sweeping wave of emotion and weeping, for any other book, as I had when reading the last 6 pages of this book. This is a must read, you won't be disappointed!

Kurzbeschreibung At thirty-six, Jennie Rakowsky's dreams were coming true. She was about to marry a wonderful man, her career as a lawyer was skyrocketing, and she had never been more beautiful. And then the secret she had hidden for nineteen years threatened to shatter it all. From the Paperback edition. Pressestimmen "Entertaining!" "Washington Post" Belva Plain's mixture of romance, suspense, and deeply felt familial conflicts should leave her fans well entertained. "Publishers Weekly" Kurzbeschreibung At thirty-six, Jennie Rakowsky's dreams were coming true. She was about to marry a wonderful man, her career as a lawyer was skyrocketing, and she had never been more beautiful. And then the secret she had hidden for nineteen years threatened to shatter it all. From the Paperback edition.
