**Von Violetta Rand : Blind Allegiance (Viking Romance) (The Blind Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blind Allegiance (Viking Romance) (The Blind Series Book 1) (English Edition):

vikings well. I like both of her main characters, Noelle and Randvior. Noelle is spunky and Randvior is ahead of his time in leading his people with less brutality and more openness to new ways. At the same time the human side of both, their struggles and insecurities, are clearly visible, which makes them so likable. Rand spins a nice tale of their romance that does not get boring during the length of the book and the story in general takes many twists and turns. The first major love scene was too explicit for MY taste, so I skipped over it, but that did not disrupt the flow of the story. I am looking forward to reading the continued story of Noelle and Randvior.

Kurzbeschreibung Shell always fight for what she believes in Betrayed by a brother she hardly trusted before the bloodthirsty Viking, Jarl Randvior Sigurdsson, attacks her home, Noelle Sinclair is conveniently bartered as a means to save her cowardly siblings skin. Forced to leave her homeland and accompany the petulant Viking to the untamed wilderness of central Norway, Noelle is ever-aware of the burgeoning dangers around her including her weakening resolve to resist Randvior. Should Noelle surrender to his resplendent charms and seduction, or fight with every ounce of strength she possesses to get home?
