Von W.E.B. Griffin : Blood and Honor (HONOR BOUND) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blood and Honor (HONOR BOUND):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A large, messy but fun WWII espionage thrillerVon Doug VaughnBlood and Honor is, like most of W.E.B. Griffin's novels, a

complex story with numerous characters and enough specific detail to firmly ground the story in a particular time and place. The time is 1943 and the place is Buenos Aires, Argentina where certain Nazis hope to secret a hoard of stolen wealth that will support them if Germany loses the war. Pitted against them are members of the American OSS including the lead character who is American on his father's side and Argentinian on his mother's. Caught in the middle of the Nazis and American spys are the local security police who are contending, among other things, with a brewing plot to depose the president and put a general in charge of the government. This plot is widely enough known so that both the Germans and the Americans have a vested interest in seeing that a general favorable to themselves is selected. Besides this, there is a personal revenge element, romance and sex and a huge cast of interesting good guys and bad guys. So, big plot, big book. It took me a while to get into this story because it takes Griffin so long to set up all the pieces. There are really several stories all going on at once that sometimes intersect and sometimes are independent. Once in the thick of things, however, it moves swiftly through its various twists and turns, all leading to a pretty satisfactory conclusion. It's not totally satisfactory because it leaves enough loose ends to allow for a sequel, and the reader would rather have them wrapped up and not have to wait. Still, this is a very entertaining book and I recommend it to any who like a good OSS vs Nazi story set in an unusual locale. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Entertaining, almost a one-sitting read Von Ein Kunde This book keeps your interest with an interesting supposition of how events played out in bringing Peron to power. Many pages could have been skipped if there was a little key in the margin that denoted when the author was developing characters that had been done in the previous book, then I could have skipped ahead to where the story picked up again. I believe there will be others in the series, since the ending was missing closure, especially in the arena of who will appear in other books. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Believable WWII covert counterstrikes in neutral Argentina Von Ein Kunde W.E.B. Griffin does it again. Blood and Honor, the next in sequence to Honor Bound is true to form -- a fast paced military novel wrapped up in intricate details of the time, the geography, and the aura of World War II. His characters are even more interesting in this series than in Brotherhood of War or The Corps; and his change of local to neutral Argentina is truly an interesting change from the war torn world of the time. Let's hope there are to be more in this series.

Kurzbeschreibung As did his three immensely popular series Brotherhood of War, The Corps and Badge of Honor, W.E.B. Griffin's novel of World War II espionage Honor Bound became an immediate bestseller: "A superior war story" (Library Journal) "whose twists and turns keep readers guessing until the last page" (Publishers Weekly). Now the characters of Honor Bound are back, in an adventure as exciting as anything Griffin has written. It is April 1943, and Marine aviator Cletus Frade, Army demolition's wizard Anthony Pelosi, and communications expert David Ettinger are thrust again into the lethal nest of intrigue that is wartime Buenos Aires. A clandestine German vessel sets sail to resupply submarines in the South Atlantic...as a massive shipment of money earmarked for postwar Reich makes its way to South America...and a coup designed to topple the government reaches critical mass. In the midst of it all, the German-ordered assassination of Cletus Frade's father demands only one response: revenge. Threading their way carefully between Axis and Allied sympathizers, and even between rival OSS and FBI factions, the three solidiers must strive their utmost not only to fulfill their missions--but just to stay alive. And for that, even their utmost may not be enough... Written with all the energy and expertise that Griffin's readers have come to expect, filled with drama and authentic heroes, Blood and Honor is a captivating novel sure to please fans old and new. From the Paperback edition. de If you enjoyed W. E. B. Griffin's Honor Bound, you should segue with pleasure into this involving sequel. Set in Buenos Aires in 1943, it follows the adventures of three American soldiers as they think and fight their way through a complex story about Nazi sympathizers, dedicated supporters of the Allied cause, and other people just trying to stay alive. As we've come to expect from his many books about soldiers and cops, Griffin knows how to use the small moments of crime and war to invent a compelling canvas for his solid characters. com If you enjoyed W.
