Von Stacey Marie Brown : Blood Beyond Darkness (Darkness Series Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blood Beyond Darkness (Darkness Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. amazing readVon Elodie ColtI'll give this book 5 stars because the other 3 also got 5 stars, because I like the author's writing style and the story in general. If this book deserves 5 stars I can't tell - I always see the whole saga not the individual

books. But retrospective I have to say: There is a great distinction between book 1 and the other 3 - and the last 3 could probably be written in 2. There are some passages that repeat themselves too often (p.ex. Embers constant nagging about her trusting others or her constant fights with Eli about lying to her) - which brings me to another point: I'm all into "sharp turns" in a book, but seriously, one can also exaggerate. (careful spoiler:) First Eli killed her mom and she runs away, then her mom is alive, then Eli doesn't explain why he had let her believe her mother was dead in the first place, then she finds out that her mother isn't her mother and Eli really did kill her and then Ember is even madder than before, and so on.... Don't get me wrong, I'm really into "didn't see that one coming"-passages in a book, but this was a tad too much. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Schnes Finale! Von Kindle-Kunde In diesem letzten Buch der Serie gibt es noch viele Wendungen und Ereignisse, an denen man merkt, dass es definitiv keine YA-Lektüre ist. Es kommt zum großen Kampf und viele sterben, auch Charaktere, die uns ans Herz gewachsen sind ... Es ist ein schnes Ende, aber ich würde es nicht ein HEA nennen. Zu viel verraten möchte ich jetzt nicht - kauft es, lest es, Ihr werdet bestimmt nicht enttäuscht!

Kurzbeschreibung After months of searching, the Sword of Light has been discovered, the only weapon capable of killing Queen Aneira and ending her reign. This is Embers destiny. Or so she thought. Now a pact to save the man she loves changes everything. Even their love might not be able to withstand what is ahead. As the war mounts between the Seelie and Unseelie (Light and Dark), deep secrets are finally revealed, ripping Embers world and heart apart. And what Aneira steals from Ember won't just destroy Ember, but the entire human world. The fight for Earth has begun. Ember must go beyond anything she could ever imagine and make the ultimate sacrifice to save millions of innocent lives. But the price is ending the life of the man she loves. A cost she might not be willing to make.
