I love Anna and totally hope that we will see more of Frey in the upcoming books! The storyline in this book was great and I really wanted to just read the whole book in one sitting! I am really looking forward to the next part and hope that there will be a lot more Anna Strong books in the future!

Kurzbeschreibung A terrific tale of supernatural sleuthing . . . provides edge-of-the-seat thrills and a high-octane emotional punch. --Romantic Times Book s
Once again Jeanne C. Stein delivers a jam-packed story full of mystery and intrigue that will keep you glued to the edge of the seat! Just like with the first book in the Anna Strong series, *The Becoming*, I could not put this book down even for a second. You will find yourself cheering Anna on as she goes after the bad guys. Jeanne C. Stein has given us a tough-as-nails heroine everyone will love! *Night Owl Romance*
My name is Anna Strong. I'm a woman caught between two worlds my past as a bounty hunter, my present as a vampire. I do my best to hold on to what makes me human my family, my job, my lover. But the pull of the undead is a siren song that's becoming impossible to resist . . . Anna's fragile grip on a normal life evaporates when she discovers that her long-dead brother had a child she never knew anything about. Now a young teen, that child Trish is caught up in the worst kind of human nightmare. In order to save her niece, Anna fears she might have to surrender to the animal side of her nature. As she stalks Trish's predators, the lines between good and evil are no longer clearly defined. And before long, Anna has to ask herself who is the real monster, the humans who prey on their own kind or herself, the blood-thirsty vampire doing anything she has to in order to save them.

Synopsis
Anna Strong is a vampire caught between two worlds. She clings to what makes her human-her family, her job, her lover. But the pull of the undead is a siren song becoming impossible to resist. Then she discovers her brother, who was tragically killed fourteen years ago, had a daughter he never knew about, and Trish is a child caught up in the worst kind of human nightmare. To save Trish, Anna may have to surrender to the animal side of her nature. As Anna stalks Trish's predators, the concepts of good and evil are no longer clearly defined. Now Anna must determine who is the real monster-the humans who prey on children or herself, the vampire trying to save them.
