Caris Roane Reviewed by : Stephanie Jordan I'm a great fan of Caris Roane especially since I fell in love with Blood Rose Series so when I heard of the Flame Series, I had to read this. Ms. Roane has such a way of writing that you will be hanging on to every word. James Connor is a Vampire, who is also Officer Connor, of the Crescent Territory Border Patrol. Connor protects the borders in the Five Bridge from Drug Cartel and Drug Runner. If that isn't enough for him he has a strong obsession to a witch, which could be hazardous to his well being. You see Vampire's and Witch's hate and kill each other. Connor was being sent to a territory he doesn't watch but the higher up insisted. So he's off to see who is there. Iris Meldeere is a powerful witch that works for the Five Bridges Tribunal. She is a Tribunal Public Safety Officer, she is able to go everywhere. Iris even had a little side business making potions and spells for a handsome price. Both Connor's and Iris's Bosses wanted them to go because there a runner out at Amado Bridge, not being his territory section Connor want to know where Jasper is only to be told he's been missing for several days. Connor doesn't fill right about this. It doesn't make sense. As Connor stops to help a woman he realizes she is not only very pregnant but is drugged up on The Flame. Then he sees Iris on the Bridge with her gun out, what is she doing here. Something is really wrong here. I was gifted this ARC for an honest and truthful review.
