would be worth my time, and all praised Blood Hunt: The Sentinel Wars:

KurzbeschreibungHope appeared out of nowhere, naked and alone, a woman without a past. The only thing she knows is that she is imbued with a strange power. It's in her blood. And two men want to possess it. One is Logan, a Sanguiner demon-fighter who needs Hope's essence to survive. The other is Krag, a Synestryn lord whose desire is to enslave Hope, and drain her of the life force. When Hope and Logan both fall prey to Krag, a powerful desire grows between them. But is it enough to thwart their captor's diabolical plan and his demon warriors, and survive a vampire's destiny written in blood?KurzbeschreibungHope appeared out of nowhere, naked and alone, a woman without a past. She learned writing craft in order to help him with his stories, but found the idea of writing her own too compelling to resist. She lives in Missouri with her husband and son, where conversations at the dinner table are more often about things someone made up than about anything that actually happened.
