Handlungsstrngen Von HappyGirl Ari's and Ragon love story continues in the second book of the Grandor Descendant series. There is a lot going on for Ari making new friends at the Vampire Pasteur University in England, being hunted by the Ancients and still trying to find out her own destiny. I've still liked this book, but have to admit that Book One was more appealing to my taste of vampire stories. In Book Two there is much more going on and a lot of characters are stepping into the story. Sometimes I felt like the relationship between Ari and Ragon and their romance was cut short a little due to the other events of the book. Also Ari is a very headstrong heroine, which I like to a certain point. But in this book she is always doing what she thinks is best, never really considering Ragon's feelings or wishes. She throws herself in danger all the time, not thinking about the consequences or just expecting Ragon to come to her rescue... That bothered me a little, because I think in a relationship the partners need to be considerate of each other. Blood Hunter is still a good book to read, suspenseful and enjoyable. I will definitely read Book Three! Das zweite Buch der Vampire Serie von Bell Stoire ist fr mich immer noch unterhaltsam, aber weniger spannend als das erste Buch. Das liegt zum einem daran, dass Ari, die Heldin der Geschichte, jetzt nur noch ihren eigenen Kopf durchsetzen will. Ohne Rcksicht auf die Gefhle ihres Vampirfreundes Ragon. Sie strzt sich ununterbrochen in gefhrliche Situationen, ohne ber die Konsequenzen nachzudenken. Darber hinaus misst sie mit zweierlei Ma. Wenn ihr Freund eine sexy Kommilitonin an der Uni kennenlernt, wird sie sofort total eiferschtig. Sie selbst darf aber mit allen mglichen heien Typen abhngen und wehe ihr Freund wird eiferschtig. Das kann sie dann so gar nicht verstehen. Ari wirkt in diesem Buch generell etwas unreif fr ihre 24 Jahre. Das hat mich an der Geschichte oft gestrt. Naja, die Story ist trotzdem noch recht spannend, auch wenn meiner Meinung nach die Autorin zu viele Handlungsstrnge in die Geschichte gepackt hat. Die Liebesgeschichte zwischen Ari und Vampir Ragon kommt dadurch zu kurz bzw. wird ein wenig 08/15 mig abgefertigt.

Kurzbeschreibung Even in the shadows there is light and where there is light, there is love. Everything has changed for Ariana Sol; she has gone from living in sunny Australia to freezing England; she has fallen in love with a boy, quite different to any she has ever known and, she has discovered that there are things which she can do things that ordinary girls shouldnt be able to do. Ari can stop time, resist a vampires lull and see into the future. Is this why the Ancients, the most powerful vampires in the world, want her dead? In this second installment of the Grandor Descendant Series, Ari and Ragon find themselves questioning everything they have ever known, in their quest for the truth.
