Von Zoe Winters : Blood Lust (The Preternaturals Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blood Lust (The Preternaturals Book 1) (English Edition):

Bewitching readVon Laylahs BuecherblogKEPTYoung Greta, who works in a bookshop, is a Therian, a cat spape shifter, who was borne in fur. Usually cat shape shifters are born in human form and die in fur as the transformation has healing abilities. They cannot shift during the first years of their life.All shapeshifters are made of magic and their blood is a sought-after spell-enhancer. Gretas blood is even stronger as she was born in fur.Unfortunately the tribe will

sacrifice her to their gods to bring their good will over them. Greta doesn't want to die. So her mother sends her to the only person ruthless, feared and powerful enough to protect her: the dangerous sorcerer Dayne. He's not exactly a good guy but not so evil as they say. But which reason should he have to protect a Therian? Maybe because of Greta's strong blood? It is a fast, enticing read with lots of sex. Unfortunately the sex scenes were skipped. (They are not skipped in part three - mated, although they are not overmuch detailed either.) Zoe Winters has a very fine sense of sarcastic humor, which I very much enjoyed. The Blood-Lust-series is one of the most original and wellwritten reads I had this year. You should like cats for the first part of the series. CLAIMED Anthony reminds me a bit on Lestat of Anne Rice but only because of his look, his ruthlessness and the style of his apartment. All other aspects of the story are most original. He rescues a woman from death. But his blood became poisoned. This does not kill him, but it makes him unpredictable. He cannot withstand the temptation of redhaired Charlee anymore as he is drawn to this woman for many months. Out of his mind from the poison and the blood of the rescued woman, he goes for Charlee and nearly kills her. Ashamed of this he wipes her memory much too much. Charlee got a complete amnesia. Anthony is in the challenge to become the next vampire leader and has a very powerful and dangerous opponent: Linus. This man would hunt and torture poor Charlee as one of Anthony's failed experiments. Anthony wants to protect her. But how, if he isn't allowed to tell her the truth about himself and she already got suspicious and is thinking she is insane? Also a very good read. Zoe Winters shows a complete vampire society with many facets. There are some living off blood conserves, others drinking from the vein, but never killing the people, only wiping their memories. And then there are others who want the dark ages back. I liked twisted Anthony and Charlee with her hot temper. They are a good match. I hope for more ebooks from Zoe Winters. She's on the top of my list now. MATED Jane lived with the vampires many years. The vampires hate her because she can recognize them as the demons they are. So she thinks the only way to survive that is to become turned into one. The last vampire that kept her has gambling debts to dangerous werewolf pack leader Cole's favour. As the vampire is not able to pay the ten grands Cole takes Jane with him to the secret home of the wolves. Cole finds himself attracted to Jane and wants to save her from the vampires. But how deep are his feelings? Will he trade protection for sex as his successor's? The hottest story of the first three novellas. In this part you learn something very interesting of the ancestry of the vampires and about other worlds. Zoe Winters has a very fertile imagination. This novella contains everything a paranormal romance reader can wish for. I'm glad that I have already purchased "Save my soul". Write faster please, Lady! Or not faster, write as good as usual as fast as you can. Thanks so much!

Kurzbeschreibung Everybody is the hero of their own story... and the villain of somebody else's. BOOK ONE: Blood Lust: A book in 3 parts that introduces the world of the Preternaturals (all couples appear throughout the series): Kept: When werecat, Greta learns her tribe plans to sacrifice her on the next full moon, unleashing the potent magic of her blood, a dark sorcerer is the only one strong enough to protect her. Will Dayne kill her as he has so many others of her kind? Or is his grudge against her family strong enough to save her? Claimed: In the midst of a power struggle for vampire king, it soon becomes clear to Anthony that the only way to protect a fragile human in his care is to claim her as his mate. Meanwhile, his deepest wish is to have his lover awakened from the memory loss that took everything... not just the memories he meant to erase. Mated: Be small. Be invisible. It's an understandable life mantra for a human woman in a world of monsters. But even worse, Jane's blood contains a touch of vampire magic that makes her their target. With her faster-than-normal healing time, she's an ideal punching bag for the abusive vampire she's been living with, the one she thought might protect her this time. When he sells her to a werewolf in payment for a gambling debt, Jane is sure her life is over. But Cole may be the one being who can free her from the vampires for good. Blood Lust (book 1) (Kept, Claimed, Mated) Save My Soul (book 2) The Catalyst (book 3) Life Cycle (book 4) Shorts: Cat Fight Dark Mercy (prelude to Hadrian and Angeline's book... the upcoming book 5)
