Toller NachfolgebandVon sabineDie Geschichte knpft ziemlich genau da an, wo der erste Band endet.( Um die handelnden Personen zu verstehen sollte man den ersten Band auch gelesen haben). FBI Agent Roarke ist weiterhin auf der Jagd nach der Serienmrderin Cara Lindstrm - deren Ergreifung er frnotwendig hlt, der er aber auch mit gemischten Gefhlen

entgegensteht, weil er ihre Motive nachempfinden kann. Der Fall entwickelt sich mit einer überraschenden Wendung in eine ganz andere Richtung (als vom FBI geplant). Die Handlung entwickelt sich stetig, die Spannung steigt. Leider gibt es deutlich weniger Kapitel aus der Sicht von Cara als im ersten Band, die als unberechenbare, psychisch schwer einzuschätzende, verletzte aber auch sehr gefährliche Person einen wesentlichen Reiz dieser Geschichte ausmacht. Trotzdem eine klare Leseempfehlung. 0 von 0 Kunden fanden die folgende Rezension hilfreich. a female vigilante killer- good idea Von Customer This is the 3rd book of this author that I read. All with great characters and a thrilling story. I would like to give them all 5 stars, but the endings are too abrupt. The tension is getting higher and higher, and just when you are really hooked there's the end. The profiling is a joke and very Hollywood-like, but I loved the idea of a female vigilante killer, this was well done, the serial killer so not. But I think this is an author who will definitely get better and I will be looking for more. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Thrilling Von Customer This is part of the Huntress Moon. I liked both books very much. Alexandra Sokoloff is an excellent writer, who is in line with Tess Gerritsen and Val McDermid. The story is about Cara Lindstrom who survived the murder of her whole family.

Kurzbeschreibung Book Two in the Thriller Award-nominated Huntress/FBI series Twenty-five years have passed since a savage killer terrorized California, massacring three ordinary families before disappearing without a trace. The only surviving victim of his rampage was a child who is now wanted by the FBI for brutal crimes of her own. Special Agent Matthew Roarke is on an interstate manhunt to track her down, despite feeling torn between his dedication to duty and his sympathy for her horrific history and motives. But when Roarke's search unearths evidence of new family slayings, the dangerous woman he seeks and secretly wants may be his only hope of preventing another bloodbath. He just has to find her first. The pulse-pounding sequel to Huntress Moon is sure to leave readers on the edges of their seats. Revised edition: This edition of Blood Moon includes editorial revisions.
