Blood Hunters Book 2Von CustomerThe book opens with detente of sorts between vampire and human, though many humans haven't yet grasped the depth of interaction between the two groups.Istvan is a member of the elite vampire hunters. He has only recently recovered from almost fatal injuries, but has a long way to go to being

completely healed. Angyalka is an exotic bar tending, club owner vampiress Istvan has the chance to kill, but finds himself instead strangely aroused by a creature he normally hunts. Not trusting the other but slowly feeling more comfortable in each other's presence leads to sharing of secrets, and that changes the dynamics between the two. But something odd is brewing Why are humans suddenly showing peculiar traits? What is different about Angyalka, in comparison with other vampires? What is the significance of angels, for the vampires? And what is going on with Konrad? Great story and clearly keeping us in suspense for the next stage. Can't wait to see what happens, now that certain events have happened to complicate the story.

Kurzbeschreibung A wounded hunters obsession with a damaged vampire...Six months ago, vampire hunter and inventive genius Istvn nearly died in the seminal battle that would change the relationship between humans and vampires forever. A year before that, he first encountered sexy vampiress, Angyalka, owner of the Angel Club, favored haunt of the undead. Istvn won that round, but when he recklessly seeks her out again in search of the secret of angels, he's alone and so exhausted he can barely stand, let alone fight vampires. Plus Angyalka's out for revenge, and very happy to use his powerful sexual attraction to her But Angyalka has her own secret weaknesses - whoever heard of an agoraphobic vampire? - as well as terrifying strengths even she doesn't understand. Their battle becomes one of wits and sex, but when someone bombs the club, they fight together to contain all the threats closing in on the Angel, from humans and vampires, including the sadistic killer who could just be dangerous enough to finally topple undead overlord Saloman. As Istvn struggles to harness the mysterious power of angels, Angyalka needs a deeper strength to send away the fascinating hunter who delivers on all her deepest sensual desires and yet can't come to terms with her vampire nature.
