KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. stereotypen und klischehafte protagonisten wohin das auge siehtVon Lukasich muss gestehn, dass ich nicht ber seite 50 hinausgekommen bin. die idee mit menschen die sich in drachen verwandeln knnen und der niedrige preis haben

mich verleitet das buch zu kaufen. aber die charaktere sind fr mich so unglaublich schwarz/wei bezeichnet, dass es scho fast weh tut. der einfache schreibstil tut sein briges. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another kind of dragon story Von starbooks IHA race almost extinguished, only four left, hunted by an evil emperor who was shunned because he could not shift and goes down the deep end in his revenge. So cruel that he even kidnapped the daughter of his hated brother and brought her up as his own, by such destroying her identity. Desperate parents still loving her, failing to realize that she is already lost. A young hero having escaped the great battle as sole survivor, now rising to the tasks at hand. A great king, coming out of hiding after many years. All this is the combination for an epic story, full of desperate turning points, many moments that get you very emotional. That incredible couple the dragon king and his wife make! Oh, what a love these two are connected by. Makes your heart soar. For these two alone the story would have been worth reading. However the whole book is good and the story is well written. A clear recommendation. I only deducted that one star because I disliked this being made into a trilogy, thus dragging the ending of the problems in into another two books. I would have preferred .... dead, period. Can't help it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Highly recommended Von Anja T. This book was the first of many I have read by Daniel Arensen and it was mind blowing. It's exciting, dramatic and still funny. His writing is not overfilled with any frumpys so you are still able to capture the feeling of those days. I can truly recommend this book and all the other books Daniel wrote.

BOOK ONE: BLOOD OF REQUIEM Long ago stood the kingdom of Requiem, a land of men who could grow wings and scales, breathe fire, and take flight as dragons. Requiem ruled the sky. This ancient land now lies in ruin, its halls crumbled, its cries silenced, its skeletons littering the burned earth. In the wilderness, a scattering of survivors lives in hiding. The griffins still hunt them, and every day promises death. Will Requiem's last children perish in exile... or once more become dragons and fly to war?
