Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Up All Night! Von Lisa Tortorello Erica Spindler outdoes herself once again. You will find yourself captivated by the story. I felt I was standing with Alexandra Clarkson when she entered the wine caves... I felt for her and what she was going through. How could people not believe, but then again why should they? This story is a real page-turner! And I must

say...it left my hankering for a good glass of wine!Lisa Tortorello-Author of My Hero, My Ding

KurzbeschreibungThirty-something Alex Owens knows very little about her childhood or who she really is, her only family an absent, emotionally fragile mother. Alex spent most of her adulthood searching for the missing link, drifting from job to job, relationship to relationship. But when an infant's remains are unearthed in her hometown in back-country California, Alex suddenly realises that she has a connection to the case. As if opening Pandora's box, long-lost memories start flooding in, dark and terrifying nightmares that haunt her every waking moment. When she arrives in Sonoma, the tight-knit community greets Alex with silence and suspicion, but Alex presses on, determined to get to the heart of a secret no one wants to see uncovered. As more violent deaths and a series of deadly rituals shock the small town, Alex is finally forced to confront the terrible truth about a single night that changed her family's lives forever...Pressestimmen'Neat, taut, and written with a panache that forces you to turn each page (Daily Mail)Spindler's latest has enough twists to keep you riveted right to the final page (Image)Pressestimmen'Neat, taut, and written with a panache that forces you to turn each page Daily Mail Spindler's latest has enough twists to keep you riveted right to the final page Image
