Von Jill Jones : Bloodline (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bloodline (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A chilling, thrilling romanceVon Deborah MacgillivrayThis solid, sexy thriller has a Jack the Ripper theme. When

American FBI criminal profiler Victoria Thomas goes to London to join a group of fellow "Sherlock-ians" at a symposium, she falls into the path of Scotland Yard ace Jonathan Blake and quickly into his bed. She also falls across the trail of a modern-day Jack the Ripper, who is murdering women and leaving a grisly trail of messages for her to follow.0 von 0 Kunden fanden die folgende Rezension hilfreich. A masterpiece in intrigue as history comes alive! Von Jaime H. Scherer "Bloodline" is a riveting tale that blends the facts from a highly publicized historical event into a spellbinding contemporary novel. After more than a century, the infamous Jack the Ripper still has the ability to hold our fascination. "Bloodline" keeps the reader entranced as it takes us through the original Ripper murders and a string of present day copycat homicides. Victoria, an FBI profiler, and Jonathan, a Scotland Yard detective, are wonderful characters who have us on the edge of our seats as they race to unmask the present day serial killer by unraveling the facts from the historical slayings. Their solution is captivating and believable. I would love to see this duo reappear in a sequel, continuing to solve the crimes of today and yesteryear. Treat yourself and read this mesmerizing tale of suspense, mystery and romance. You won't be sorry.0 von 0 Kunden fanden die folgende Rezension hilfreich. Are there killer genes flowing through his veins? Von Karreen Roger-Smith Bloodline is a departure from Jill Jones' previous novels. She deftly and skillfully makes the transition from "intriguing" to "chilling"! Bloodline will keep you riveted from page one. Jones ability to weave the present and the past is, as usual, superbly researched and presented. Her heroines are strong, sensual and human. It is no different with Bloodline's Victoria Thomas. Her emotional relationship with her mother brings you back from the horror of the murders into everyday reality. Beware, however, Jones has a way of describing the murders in chilling and bloody detail. The cold cunningness of the killer's thought process and the demons of another era that haunted him, will make you shiver. Are the genes of Jack the Ripper flowing in his veins? You be the judge...

Kurzbeschreibung Master storyteller Jill Jones spins a terrific story that is taut and chilling. She also cleverly weaves in the writings of the original Jack. Bloodline is romantic suspense at its best! RT BOOK REVIEWS After the unsolved murder of her younger sister, Victoria Thomas began her career as one of the FBI's finest criminal profilers, seconding as a closet Sherlockian in a fan group that follows the work of the famous English detective. When her secret hobby leads her to London to attend a Sherlock Holmes symposium, she finds herself thrust into a chilling mystery involving a modern-day Jack the Ripper. With the help of New Scotland Yard Inspector Jonathan Blake, Victoria sets out to catch the murderous copycat. But as she closes in on the killer, she finds Jonathan may be closing in on her heart. Pressestimmen The Francis flair is clear for all to see (Daily Mail) From winning post to top of the bestseller list, time after time (Sunday Times) Kurzbeschreibung Master storyteller Jill Jones spins a terrific story that is taut and chilling.
