Dieser Krimi soll lt. obenstehender Buchbesprechung "overly complicated" sein und zu viele Charaktere enthalten ? Wie simpel gestrickt stellt man sich einen Thriller vor ?Dies ist mein erster Roman dieses Autors und ich war begeistert ! Eine warmherzige Darstellung der Kleinstadtbewohner -

Banker, Rancher, Postbotin, Sheriff -, ein spannender Plot, viele Twists and Turns. Man möchte das Buch gar nicht aus der Hand legen - gut erzählt, immer spannend, glaubwürdig. Man erfährt etwas über den augenblicklichen "American Way of Life" - und hat noch spannende Stunden verbracht. Nicht versumen, unbedingt lesen !0 von 0 Kunden fanden die folgende Rezension hilfreich. Not as good as the Joe Picket-Series Von KnutI expected a fast-paced thriller similar to the Joe Picket- books. That's perhaps my fault, C.J. Box had obviously something else in mind as he wrote this book. It isn't bad, but sometimes a little bit boring. It starts with a bang and then goes on with 100 pages of introduction of the roundabout 10 (!) main characters and several subplots, which aren't all necessary for the main story. After that part it takes up speed and becomes again a suspenseful thriller with believable characters.0 von 0 Kunden fanden die folgende Rezension hilfreich. Höchstspannend Von S.C.Grupp Habe den Krimi Blue Heaven sehr genossen. Irgendwann kann man das Buch nicht mehr weglegen, weil man unbedingt wissen will, wie die Geschichte weitergeht. Die Abgründe der amerikanischen Provinz! Sehr schön, wie die Geschichte sich langsam entwickelt und immer verworrener wird um dann schließlich wieder aufgelöst zu werden. Schön auch der Schluss wo gut beschrieben wird da der Tod nicht das Ende ist. Lesenswert!

Kurzbeschreibung THEY WERE RUNNING AWAY FROM HOME, NOW THEY'RE RUNNING FOR THEIR LIVES If twelve-year-old Annie hadn't been angry with her mother, she would never have taken her younger brother William on a secret fishing trip deep into the North Idaho woods and they would never have witnessed the execution nor looked straight into the eyes of the four executioners. Now they're running for their lives. They can't go home: the killers know exactly who they are. And where they live. They can't turn to the law: the killers are four respected Los Angeles policemen. There's nowhere for William and Annie to hide. And no one they can trust. Until they meet Jess Rawlins. Rawlins, an old-school rancher, knows something is wrong with the law in Blue Heaven. But he is only one against four men who will stop at nothing to silence their witnesses... From Publishers Weekly At the start of this overly complicated thriller from bestseller Box, his first stand-alone, siblings Annie and William Taylor, ages 12 and 10, witness a gruesome murder in the woods outside the small Idaho town of Kootenai Bay, nicknamed Blue Heaven for its abundance of retired LAPD officers. Annie and William make a run for it after they're spotted by the killers, a group of crooked LAPD cops who retired to Idaho eight years earlier after pulling a complicated heist in California that left a man dead. Rancher Jess Rawlins becomes the children's only hope of survival after they take refuge in his barn. Jess must stay one step ahead of the killers, who have volunteered to help the local authorities investigate the children's disappearance. Annie and William's mother is frantic, as the scheming officers try to persuade her the children are gone for good. A subplot involving a retired California detective pursuing the original robbery case adds too many extra characters and undercuts the suspense. Readers expecting the same brisk story lines as the author's Joe Pickett crime novels (Free Fire, etc.) will be disappointed. 100,000 first printing; author tour. (Jan.)
