Von Terence M. Green : Blue Limbo before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Limbo:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Voracious reading, with a heart soul!Von Ein KundeHard-boiled crime drama in the 21st century. I was pleasantly surprised how well it drew me in, since I generally prefer far future SF. Green starts the action from the get go, and his

crisp straight-forward writing made my eyes hungrily consume the pages. He also managed to give the story a strong character focus, instead of relying on non-stop action. While the SF element of the book spotlights the effects on society of the introduction of the first sort-of successful revival of the dead from cryonic suspension, the heart soul of the drama shows the troubles in life for those that are the "thin blue line", showing that tomorrow's tomorrow may not be so different than today. Technology grows and changes, but people are people.0 von 0 Kunden fanden die folgende Rezension hilfreich. MarvelousVon Ein KundeI stumbled upon Mr. Green's book Blue Limbo in the library, and once I had read several pages I knew I was reading great fiction. Oddly enough the writing reminded me of another author I love--i.e., Paco Ignacio Taibo III. Both writers manage to pack a great deal insight, humor, and immense sadness into very small packages. Although the science fiction component of the book is small, a cop in the near future, I think it serves as a great context for a character, Mitch Helwig, who is deeply entrenched in the past and struggling to make a present for himself. The humor is dark and very funny, and the characters relationships cut straight to the heart. This is a great novel, now if I can only find Barking dogs..0 von 0 Kunden fanden die folgende Rezension hilfreich. So the recommendation center isn't perfect...Von Ein KundeVery rarely do I actively dislike a book. This was one of those times when I did. Yes, it's a sci-fi detective story. That's good. Yes, the premise is interesting. That's good. But the characters were *so* one-dimensional, the plot was *so* predictable, and the concepts were *so* glossed-over, that I found myself very pleased to get through it at all. .com's recommendation center has never steered me so wrong before, but I guess there's always a first time. When I finally slogged my way through it, I donated it to a homeless shelter. And now I feel guilty about it -- homeless people don't deserve dreck like this...

KurzbeschreibungMitch Helwig is a renegade on the street with some heavy-duty hi-tech weaponry and a not quite sane determination to get revenge--even if he has to go beyond death to do it.
