Von Catherine Anderson : Blue Skies (Kendrick/Coulter/Harrigan series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Skies (Kendrick/Coulter/Harrigan series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 2 Kunden fanden die folgende Rezension hilfreich. 4. Teil der Kendrick/Coulter. WunderschnVon FaithIm diesem Buch geht es um die Geschichte von Carly Adams und Hank

Coulter. Die beiden lernen sich in einer Bar kennen, es kommt zu einigen Missverständnissen und als Carly dann feststellt, dass sie schwanger ist, wird sie von Hank zu einer Hochzeit gedrängt. Natürlich kommen sie sich dann mit der Zeit auch wieder näher und verlieben sich ineinander. Mehr will ich jetzt aber nicht verraten. Fazit: Es ist mal wieder ein sehr schöner Liebesroman, der sehr einfühlsam mit ein paar witzigen Szenen geschrieben ist. Ich konnte das Buch gar nicht mehr aus der Hand legen.

Kurzbeschreibung Two people discover the healing power of love in this Coulter Family romance from New York Times bestselling author Catherine Anderson. Carly Adams feels as if she's been given a new lease on life. Born with a rare eye disease, she was blind until a recent operation restored her sight. Now, she's eager to experience everything the world has to offer, including the sweet talk of a handsome cowboy who rouses her desire. Hank Coulter has no plans to settle down, until he discovers that Carly Adams is carrying his child—a pregnancy that threatens her eyesight. Obsessed with making things right, he bullies the blue-eyed beauty into marrying him. With her radiant smile and remarkable goodness, Carly is exactly the kind of wife he'd always imagined by his side. But if Hank wants their practical arrangement to become permanent, he's going to have to convince Carly that one moment of risk can bring about a lifetime of joy. From the Paperback edition. From Publishers Weekly Anderson (Sweet Nothings, etc.) again explores the ways in which a physical disability can impact a relationship in this moving contemporary romance, set in picaresque Crystal Falls, Ore. Blind since birth, Carly Adams is celebrating the surgical restoration of her sight with a friend at a Western bar when she meets rancher Hank Coulter. Hank plies Carly with liquor, intent on a one-night stand, but he gets more than he bargained for when he learns that their brief encounter has resulted in pregnancy. Neither consider abortion for a second even though pregnancy will have dire consequences for Carly's sight and her plans to attend graduate school. Nor does Carly worry that her child might inherit her condition, lattice dystrophy. Instead, Hank bullies her into marriage. Hank redeems himself as the story progresses, treating Carly with tender care as she deals with her pregnancy and her deteriorating sight, but his most daunting hurdle may be her emotional insecurities. It's evident that Anderson has thoroughly researched lattice dystrophy, and this, more than anything, will help readers gain a better understanding of Carly. The last-minute revelation that Carly was burned in a previous relationship feels superfluous, but readers will embrace Anderson's characters and her message—that love bridges all divides. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From Booklist Carly had to wait 28 years to see what a man looked like. Born with Lattice dystrophy, Carly's sight has only recently been restored; and to celebrate, she accompanies a friend to a bar. Unused to alcohol and the attention of a handsome cowboy, Carly lets Hank Coulter take her to his truck, but that humiliating experience not only leaves Carly not caring if she ever has sex or sees Hank again but pregnant as well, which threatens her sight. As soon as Hank finds out, he tries to convince Carly to let him help her. The two agree to a marriage in name only to solve Carly's financial problems, but Hank realizes that he's in love and sets out to do whatever it takes to turn their temporary arrangement into something permanent. Readers might need to wipe away tears as they read Anderson's latest contemporary romance featuring another of her Coulter brothers, since few will be able to resist the power of this beautifully emotional, wonderfully romantic love story.
